WHEREAS, the Redevelopment Agency of the City of San Diego (Agency) is engaged in activities necessary to carry out and implement the Redevelopment Plan for the Centre City Redevelopment Project (the Project); and

WHEREAS, the Agency has previously prepared, and the Agency (Resolution No.2081) and the City Council (Resolution No. 279875) have certified the Final Master Environmental Impact Report for the Centre City Redevelopment Project (referred to herein as the “MEIR”); and

WHEREAS, the Agency has approved an Owner Participation Agreement (the Agreement) with St. Vincent de Paul Management, Inc.(the Developer) for the development and construction of a mixed-use, low-income, rental housing project consisting of a seven-story, 90-unit apartment building with 5,768 square-feet of leasable office space, and a single-level, 25-space, partially below-grade parking structure (the Development); and

WHEREAS, the construction of the Development thereon pursuant to the provisions of the proposed Owner Participation Agreement between the Agency and the Developer is a

redevelopment implementation activity whose environmental impacts are assessed in the MEIR;  
and

WHEREAS, the Centre City Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 (CEQA) and State and local regulations and guidelines adopted pursuant thereto, and such Secondary Study assesses the environmental impacts of the development of the real property pursuant to the Owner Participation Agreement; and

WHEREAS, the Agency has considered the environmental effects of the proposed Development as shown in the MEIR and the Secondary Study.

NOW, THEREFORE, BE IT RESOLVED by the Redevelopment Agency of the City of San Diego as follows:

1. That the Agency hereby certifies that the Secondary Study of Environmental Impacts with respect to the proposed development of the real property pursuant to the Owner Participation Agreement has been prepared and completed in compliance with the California Environmental Quality Act of 1970 and state and local regulations and guidelines adopted pursuant thereto.

2. The Agency hereby further certifies that the information contained in the Secondary Study, and the MEIR has been reviewed and considered by the Agency members.

3. The Agency hereby finds and determines that:

a. No substantial changes are proposed in the Centre City Redevelopment Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the development of the real property pursuant to the Owner Participation Agreement, which will require important revisions in the MEIR for the Project, due to the involvement of new significant environmental impacts not covered in the MEIR; and

b. No new information of substantial importance to the Project has become available which was known or could not have been known at the time the MEIR for the Project was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the MEIR, or that any significant effects previously examined will be substantially more severe than shown in the MEIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the MEIR is necessary or required; and

d. The development of the real property pursuant to the Owner Participation Agreement will have no significant effect on the environment, except as identified and considered in the MEIR for the Project.
