3. That the Agency hereby finds and determines that:
  - a. No substantial changes are proposed in the Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale and development of the real property pursuant to the Disposition and Development Agreement, which will require important revisions in the MEIR for the Project, due to the involvement of new significant environmental impacts not covered in the MEIR; and
  - b. No new information of substantial importance to the Project has become available which was not known or could not have been known at the time the MEIR for the Project was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the MEIR, or that any significant effects previously examined will be substantially more severe than shown in the MEIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

- c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the MEIR is necessary or required; and
- d. The sale and development of the real property pursuant to the Disposition and Development Agreement will have no significant effect on the environment, except as identified and considered in the MEIR for the Project.
