WHEREAS, the Redevelopment Agency of the City of San Diego [Agency] is engaged in activities necessary to carry out and implement the Redevelopment Plan for the Centre City Redevelopment Project [Project]; and

WHEREAS, the Agency has previously prepared, and the Agency (Resolution No. R-02081) and the City Council (Resolution No. R-279875) have certified the Final Master Environmental Impact Report for the Centre City Redevelopment Project [MEIR]; and

WHEREAS, the Agency has also previously prepared, and the Agency (Resolution No. R-03058) and the City Council (Resolution No. R-292363) have certified the Final Subsequent Environmental Impact Report to the MEIR for the Proposed Ballpark and Ancillary Development Projects, and Associated Plan Amendments [SEIR]; and

WHEREAS, the MEIR, as supplemented by the SEIR, for the Project is sometimes referred to collectively herein as the MEIR/SEIR; and

WHEREAS, the Agency proposes to approve a Disposition and Development Agreement [Agreement] with CityMark Development LLC, a California limited liability company [Developer] for the development of a residential development of approximately 77 condominium units in approximately 113,626 square feet of building area, with the potential of street level retail space within “shopkeeper units” [Improvements] on certain real property in the Project area; and

WHEREAS, the sale of the real property and development of the Improvements on the real property pursuant to the provisions of the proposed Agreement between the Agency and the Developer is a redevelopment implementation activity whose environmental impacts are assessed in the MEIR/SEIR; and

WHEREAS, the Centre City Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 (CEQA) and State and local regulations and guidelines adopted pursuant thereto, and such Secondary Study assesses the environmental impacts of the development of the real property pursuant to the Agreement; and

WHEREAS, the Agency has considered the environmental effects of the proposed development as shown in the MEIR/SEIR and the Secondary Study.

NOW, THEREFORE, BE IT RESOLVED, by the Redevelopment Agency of the City of San Diego as follows:

1. The Agency hereby certifies that the Secondary Study of environmental impacts with respect to the proposed sale and development of the real property pursuant to the Agreement has been prepared and completed in compliance with the California Environmental Quality Act of 1970 and State and local regulations and guidelines adopted pursuant thereto.

2. The Agency hereby further certifies that the MEIR/SEIR for the Centre City Redevelopment Project, and the Secondary Study, were presented to the members of the Agency, and that the information contained in the Secondary Study, and the MEIR/SEIR, has been reviewed and considered by the Agency members.

3. The Agency hereby further certifies that the Secondary Study (as with the MEIR/SEIR for the Redevelopment Project) represents the Agency's independent judgment and analysis.

4. The Agency hereby finds and determines that:

a. No substantial changes are proposed in the Centre City Redevelopment Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale and development of the real property pursuant to the Agreement, which will require major revisions in the MEIR/SEIR for the Project, due to the involvement of new significant environmental effects, or a substantial increase in the severity of previously identified significant effects, not covered in the MEIR/SEIR; and

b. No new information of substantial importance to the Project has become available which was not known or could not have been known with the exercise of reasonable diligence at the time the MEIR/SEIR for the Project was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the MEIR/SEIR, or that any significant effects previously examined will be substantially more severe than shown in the MEIR/SEIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the MEIR/SEIR is necessary or required; and

d. The sale and development of the real property pursuant to the Agreement will have no significant effect on the environment, except as identified and considered in the MEIR/SEIR for the Project.

5. The activity specific Mitigation Monitoring and Reporting Program with respect to the development under the proposed Agreement
