

REDEVELOPMENT AGENCY OF

THE CITY OF SAN DIEGO

RESOLUTION NUMBER R- 04269

DATE OF FINAL PASSAGE MAY 19 2008

A RESOLUTION OF THE REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO APPROVING THE EXPENDITURE OF UP TO \$150,000 FROM THE NORTH BAY REDEVELOPMENT PROJECT AREA AND THE TRANSFER OF THE FUNDS TO CAPITAL IMPROVEMENT PROGRAM BUDGET NO. 64-005.0; AND MAKING CERTAIN FINDINGS WITH RESPECT TO USE OF FUNDS FOR THE FIVE POINTS PEDESTRIAN IMPROVEMENTS PROJECT.

WHEREAS, the Redevelopment Agency of the City of San Diego [Agency] is engaged in the activities necessary to carry out and implement the Redevelopment Plan for the North Bay Redevelopment Project Area [the Project Area]; and

WHEREAS, one goal of the Implementation Plan for the North Bay Redevelopment Project Area is to enhance pedestrian and vehicular mobility in compliance with ADA regulations, and to enhance infrastructure facilities which would improve the community and support public safety, health, and local vitality in the Project Area; and

WHEREAS, the Agency has been requested to fund the cost of the two pedestrian ramps, two pedestrian curb extensions, and one countdown pedestrian signal [the Project] in the Five Points neighborhood within the Project Area, since the City of San Diego Capital Improvement Program Budget presently has insufficient funding for such pedestrian improvements; and

WHEREAS, the Project Area community members would benefit from the Project; NOW, THEREFORE,

BE IT RESOLVED, by the Redevelopment Agency of the City of San Diego, as follows:

1. That the Agency finds and determines: that the Project is of benefit to the North Bay Redevelopment Project Area; that there are no other reasonable means of financing for the Project available to the community; that such action will assist in eliminating one or more blighting conditions within the Project Area; and that such an action is consistent with the Implementation Plan adopted for the Project Area by the Agency on July 29, 2003, on file as Document No. 03664 in the office of the Secretary to the Agency, pursuant to California Health and Safety Code Section 33490. These findings are set forth in more detail in Attachment 1 hereto.

2. That the Redevelopment Agency approves the transfer of funds from the North Bay Redevelopment Project Area to Capital Improvement Program Budget No. 64-005.0 and the expenditure is not to exceed \$150,000 from CIP Budget No. 64-005.0 for implementation of the Project.

BE IT FURTHER RESOLVED, that this activity is categorically exempt from the California Environmental Quality Act [CEQA] pursuant to State of California CEQA Guidelines Section 15301.

Findings
(Health & Safety Code § 33445)
North Bay Redevelopment Project Area

SUBJECT IMPROVEMENTS:
DESIGN AND INSTALLATION OF PEDESTRIAN IMPROVEMENTS
IN THE FIVE POINTS NEIGHBORHOOD

The following findings are for the design and installation of pedestrian improvements in the Five Points Neighborhood within the North Bay Redevelopment Project Area.

I. FINDINGS OF BENEFIT

The subject improvements for which the Redevelopment Agency of the City of San Diego [Agency] proposes to pay will benefit the North Bay Redevelopment Project Area in that:

- A. The improvements are within the North Bay Redevelopment Project Area.
- B. The improvements will enhance portions of the North Bay Redevelopment Project Area for the benefit of residents, visitors, and merchants.
- C. The improvements will improve the pedestrian safety and mobility needs of residents, merchants and visitors along a commercial and transit corridor.

II. NO OTHER REASONABLE MEANS OF FINANCING

There are no other reasonable means available to the community for financing the subject improvements for which the Agency proposes to pay in that:

City of San Diego

- A. The City's Capital Improvement Budget is funded with water and sewer fees, a half-cent local sales tax for transportation improvements, development impact fees, State and Federal grants and/or the issuance of bonds. The Fiscal Year 2008 adopted Capital Improvements Program (CIP) Budget totals \$491.6 million, which is an increase of \$197.9 million from the Fiscal Year 2007 Annual Budget. Excluding water and sewer projects the Fiscal Year 2008 Adopted CIP Budget has increased \$22.3 million from the Fiscal Year 2007 Annual Budget. In Fiscal Year 2007, the Water and Metropolitan Wastewater Department received rate increases.

- B. The Agency's Budget was developed in accordance with City and Council Policy, and each project activity was evaluated and incorporated in the respective budgets. The Fiscal Year 2008 Annual Budget for City Redevelopment totals \$128.2 million. Of this amount, \$91.4 million is comprised of new funds with \$36.8 million carrying over from the previous year. The Agency also secured a \$70.0 million three-year line of credit through San Diego National Bank. This line of credit will be drawn upon to cover an estimated \$47.0 million of redevelopment project expenditures during Fiscal Year 2008. Tax increment to be generated in Fiscal Year 2008 in the City Redevelopment areas is estimated to exceed \$39.2 million.
- C. The cost of the pedestrian improvements in the Five Points Neighborhood is approximately \$150,000 (estimated). There are currently no funds allocated in the 2008 CIP Annual Budget to fund this Project. The Redevelopment Agency is being asked to contribute up to \$150,000 of North Bay Redevelopment Project Area tax increment funds to finance these improvements.
- D. Funding from the CIP Budget for this project is presently unavailable as all available CIP funds for this fiscal year have been allocated to other priority public infrastructure projects.
- E. Revenue forecasts for Fiscal Year 2008 suggest that the rate of growth of the City's primary sources of revenue is expected to continue to show growth, though at a slower pace, and is expected to exceed the State and national economic trends from Fiscal Year 2007.

II. ELIMINATION OF BLIGHTING CONDITIONS

The payment of Agency funds toward the cost of the improvements will assist in the elimination of one or more blighting conditions inside the North Bay Redevelopment Project Area in that:

- A. The improvements will help to eliminate physically blighted conditions as the improvements will correct and upgrade substandard and deteriorated infrastructure and will improve pedestrian safety.
- B. The improvements will upgrade deficient public right-of-way space by designing and constructing pedestrian curb ramps, pedestrian extensions and installing a countdown pedestrian crossing signal that will enhance the non-vehicular mobility of the Five Points neighborhood within the Uptown and Midway Pacific Highway Corridor Community Planning Areas and the North Bay Redevelopment Project Area.

- C. The improvements will upgrade public infrastructure that does not currently meet City standards for commercial, business and transit corridors.
- D. The improvements will help eliminate economically blighted conditions in that the pedestrian safety will be enhanced, provide incentive for private investment, and improve maintenance in the surrounding area.

III. FINDINGS OF CONSISTENCY WITH IMPLEMENTATION PLAN

The payment of Agency funds toward the cost of the improvements are consistent with the Second Five-Year Implementation Plan for the Project Area, adopted pursuant to Health and Safety Code Section 33490, in that:

- A. The improvements are consistent with the Second Implementation Plan for the North Bay Redevelopment Project, which is recorded with the Agency as Document No. D-03664 and dated August 8, 2003, as the improvements address the Implementation Plan's specific goals and objectives including:
 - i. Eliminate and prevent the spread of blight and deterioration, and conserve, rehabilitate, and redevelop the Project Area in accordance with the General Plan, specific plans, and local codes and ordinances;
 - ii. Enhance pedestrian and vehicular mobility, and improve transportation facilities in compliance with ADA regulations;
 - iii. Improve the quality of non-vehicular transportation alternatives through the creation and expansion of non-vehicular routes within the Project Area;
 - iv. Enhance infrastructure facilities which improve the community and support public safety, health, and local vitality; and
 - v. Build public improvements to eliminate physical and economic conditions of blight.
