BE IT RESOLVED by the Redevelopment Agency of The City of San Diego, as follows:

1. The Agency hereby certifies that the Secondary Study of environmental impacts with respect to the proposed sale of real property and the construction of a clean, three story office building of about 27,000 square feet pursuant to the Disposition and Development Agreement has been prepared pursuant to the California Environmental Quality Act of 1970 (CEQA) and State and local regulations and guidelines adopted pursuant thereto.

2. The Agency hereby further certifies that the information contained in the Secondary Study and the Environmental Impact Report for the Project has been reviewed and considered by the members of the Agency.

3. The Agency hereby finds and determines that:

a. No substantial changes are proposed in the Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale of real property and construction of the facilities pursuant to the Disposition and Development Agreement, which will require major or important revisions in the Environmental Impact Report certified for the Project, due to the involvement of new significant environmental impacts not covered in the Environmental Impact Report; and

b. No new information of substantial importance to the Project has become available which was not known or could not have been known at the time the Environmental Impact Report for the Project was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the Environmental Impact Report, or that any significant effects previously examined will be substantially more severe than shown in the Environmental Impact Report, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

c. No subsequent or supplemental Environmental Impact Report is necessary or required; and

d. The sale of real property and construction of the facilities pursuant to the Disposition and Development Agreement will have no significant effect on the environment except as identified and considered in the Environmental Impact Report.

4. The Agency hereby finds and determines that the certifications, findings and determinations with respect to environmental impacts in the Project as set forth in Resolution No. R-257472 of the City Council and Resolution No. R-816 of the Agency include as an implementation activity the sale of property and construction of the facilities pursuant to the Disposition and Development Agreement and such certifications, findings and determinations are hereby ratified in their entirety.
