WHEREAS, the Redevelopment Agency of The City of San Diego (the "Agency") is engaged in activities necessary to carry out and implement the Redevelopment Plan for the Southcrest Redevelopment Project (the "Project"); and

WHEREAS, the Agency (Resolution No. 1303) and the City Council (Resolution No. R-265359) have certified the Final Environmental Impact Report, Southeast San Diego Community Plan, Southcrest Redevelopment Plan, Central Imperial Redevelopment Plan and Dells Imperial Redevelopment Plan (Revised EQD No. 84-0721) dated February 1986, and various supplements and addenda described in the Secondary Study cited below (collectively referred to herein as the "Project EIR"); and

WHEREAS, the Agency proposes to approve an Amended and Restated Disposition and Development Agreement (the "Amended DDA") with The Gordon/Lucky Joint Venture (the "Developer"), pursuant to which: The Agency shall sell real properties to the Developer for the development and construction by the Developer of mixed uses, including a supermarket and drug store and commercial/retail structures; and

WHEREAS, the sale of the property pursuant to the Amended DDA and

the construction of the development pursuant to the terms and conditions set forth in the Amended DDA and the Southcrest Redevelopment Plan are redevelopment implementation activities whose environmental impacts are assessed in the Project EIR; and

WHEREAS, the Southeast Economic Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 (CEQA) and state and local regulations and guidelines adopted pursuant thereto and such Secondary Study assesses the environmental impacts of the sale and development of real property pursuant to the Amended DDA; and

WHEREAS, the Agency has considered the environmental effects of the proposed development as shown in the Project EIR and the Secondary Study; NOW, THEREFORE,

BE IT RESOLVED, by the Redevelopment Agency of The City of San Diego, as follows:

1. That the Agency hereby certifies that the Secondary Study of environmental impacts with respect to the proposed sale and development of the real property pursuant to the Amended DDA has been prepared and completed in compliance with the California Environmental Quality Act of 1970 (CEQA) and state and local regulations and guidelines adopted pursuant thereto.

2. That the Agency hereby further certifies that the information contained in the Secondary Study and the Project EIR has been reviewed and considered by the members of the Agency.

3. That the Agency hereby finds and determines that:

a. No substantial changes are proposed in the Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale and development of real property pursuant to the Amended DDA, which will require important revisions in the Project EIR, due to the involvement of new significant environmental impacts not covered in the Project EIR; and

b. No new information of substantial importance to the Project has become available which was not known or could not have been known at the time the Project EIR was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the Project EIR, or that any significant effects previously examined will be substantially more severe than shown in the Project EIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the Project EIR is necessary or required; and

d. The sale and development of the real property pursuant to the Amended DDA will have no significant effect on the environment except as identified and considered in the Project EIR.
