WHEREAS, in order to determine whether it was feasible or beneficial to save or remove certain historical buildings known as the T.M. Cobb Warehouse in the Project area as an activity necessary to carry out and implement the Redevelopment Plan, the Agency subsequently prepared, and the Agency by Resolution No. 2266 and the Council by Resolution No. R-282258 have certified the Final Supplement to the Final Master Environmental Impact Report for the Centre City Redevelopment

Project for Demolition Permit and Resource Protection Permit for the T.M. Cobb Warehouse (referred to herein as the "Supplemental EIR"); and

WHEREAS, the Agency proposes to approve a Disposition and Development Agreement (the "Agreement") with Harbor Fifth Associates, a California general partnership (the "Developer"), for the sale of certain property in the Project area to the Developer for the construction of a residential condominium and ancillary retail development; and

WHEREAS, the sale of the property and the construction of the residential condominium and ancillary retail development thereon pursuant to the provisions of the proposed Agreement between the Agency and Developer is a redevelopment implementation activity whose environmental impacts are assessed in the MEIR, as supplemented by the Supplemental EIR; and

WHEREAS, the Centre City Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 (CEQA) and State and local regulations and guidelines adopted pursuant thereto, and such Secondary Study assesses the environmental impacts of the sale and development of the real property pursuant to the Agreement; and

BE IT RESOLVED, by the Redevelopment Agency of The City of San Diego, as follows:

1. That the Agency hereby certifies that the Secondary Study of environmental impacts with respect to the proposed sale and development of the real property pursuant to the Agreement has been prepared and completed in compliance with the California Environmental Quality Act of 1970 (CEQA) and State and local regulations and guidelines adopted pursuant thereto.

2. That the Agency hereby further certifies that the information contained in the Secondary Study, the MEIR and the Supplemental EIR have been reviewed and considered by the Agency members.

3. That the Agency hereby finds and determines that:

a. No substantial changes are proposed in the Centre City Redevelopment Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale and development of the real property pursuant to the Agreement, which will require important revisions in the MEIR for the Project, as supplemented by the Supplemental EIR, due to the involvement of new significant environmental impacts not covered in the MEIR, as supplemented by the Supplemental EIR, as described in Section I or Attachment A (attached hereto and incorporated herein by reference); and

b. No new information of substantial importance to the

Project has become available which was not known or could not have been known at the time the MEIR for the Project, as supplemented by the Supplemental EIR, was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the MEIR, as supplemented by the Supplemental EIR, or that any significant effects previously examined will be substantially more severe than shown in the MEIR, as supplemented by the Supplemental EIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered, would substantially reduce or lessen any significant effects of the Project on the environment, as described in Section II of Attachment A; and

c. The sale and development of the real property pursuant to the Agreement will have no significant effect on the environment, except as identified and considered in the MEIR for the Project, as supplemented by the Supplemental EIR, as described in Section III of Attachment A; and

d. The significant environmental effects of the Project, as implemented by the sale and development of the real property pursuant to the Agreement which cannot be avoided, remain acceptable as identified and considered in Resolutions No. 2081 and No. 2266 of the Agency, and Resolutions No. R-279875 and No. R-282258 of the Council, as described in Section IV of Attachment A; and

e. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the MEIR, as supplemented by the Supplemental EIR, is necessary or required.
