

February 3, 1992
REPORT TO THE HONORABLE
MAYOR AND CITY COUNCIL

IN THE MATTER OF THE CONTINUED DISCUSSION
OF THE COUNCIL COMMITTEE SYSTEM - ITEM S503,
DOCKET OF FEBRUARY 4, 1992

At the Council meeting of January 21, 1992, the Council Committee System was discussed and Councilmember Behr's report to the Mayor and Councilmembers dated January 13, 1992 regarding the Committee System was approved with direction to come back to Council in two weeks with the necessary ordinance and resolution to put this system into effect.

While reviewing the Permanent Rules of the Council found in section 22.0101 of the San Diego Municipal Code, in order to prepare the necessary amendments, it became apparent that this is a substantial revision that requires further review, input from the City Manger and City Clerk and further direction from the City Council on the docketing procedure and other issues yet to be identified.

Therefore, we are requesting that this item be continued for two more weeks so that we might come back to you with a more comprehensive report which would identify the issues requiring further direction from you.

Respectfully submitted,
JOHN W. WITT
City Attorney
