

THE CITY OF SAN DIEGO  
DATE OF NOTICE: July 30, 2026

# NOTICE OF APPLICATION

## DEVELOPMENT SERVICES DEPARTMENT

As a property owner, tenant, or person who has requested notice, you should know that an application has been filed with the City of San Diego for a Conditional Use Permit for the continued operation of an existing T-Mobile Wireless Communication Facility (WCF) located at 2205 Harrison Avenue in the RM-1-2 (Residential-Multiple Unit) Zone, Southeastern San Diego Community Plan Area, FAA Part 77 Noticing Area to San Diego International Airport & Naval Air Station North Island and City Council District 8. The project includes six (6) existing panel antennas and nine (9) existing remote radio units within an existing church bell tower behind existing fiberglass-reinforced plastic mesh. Additionally, the project includes ancillary equipment for support of the WCF, including one (1) existing equipment cabinet. The existing 163-square-foot wood fence equipment enclosure is located at grade, directly abutting the south side of the church. No work is associated with this application.

---

The decision to approve or deny this application will be made at a public hearing. You will receive another notice informing you of the date, time, and location of the public hearing. This project is undergoing environmental review.

Please note that Community Planning Groups provide citizens with an opportunity for involvement in advising the City on land use matters. Community Planning Group considerations are a recommended, but not required, part of the project review process. Please see the Community Planning Group Contact List at [Community Planning Groups Contact List | City of San Diego Official Website](#) to inquire about Southeastern San Diego Community Planning Group meeting dates, times, and location for community review of this project.

If you have any questions about the project after reviewing this information, you may contact the City Project Manager listed above. This information will be made available in alternative formats upon request.
