As a property owner, tenant, or person who has requested notice, you should know that a public hearing will be held by the Planning Commission to consider an application for a Conditional Use Permit, amendment to Conditional Use Permit No. 183194 for the extension of the mining operation use and related activities, located at 2499 Qualcomm Way. The 11-acre site within the Quarry Falls Specific Plan area is located in the EMX-1 zone within the Mission Valley Community Plan area.

This project is within the scope of Program Environmental Impact Report Number 49068 / SCH 2005081018, Certified on October 21, 2008. This Program Environmental Impact Report adequately describes the activity for the purposes of CEQA. A consistency evaluation was prepared to determine if conditions specified in California Environmental Quality Act (CEQA) Statute and Guidelines, Section 15162 would require preparation of additional CEQA review for the project. As outlined in the evaluation, the project is consistent with the original adopted/certified stated above and would not result in new impacts. Based on the CEQA Section 15162 consistency analysis, the project would not require any additional environmental review.
