As a property owner, tenant, or person who has requested notice, you should know that a public hearing will be held by the Hearing Officer to consider an application for a Conditional Use Permit and Neighborhood Development Permit to continue the operation of an existing Wireless Communication Facility (WCF). The project proposes the continued use of an existing 40-foot-tall faux mono-broadleaf tree that houses 12 antennas and 12 Remote Radio Units (RRUs), and a 548-square-foot equipment enclosure, with no physical changes proposed to the existing facility. The site is an existing church located at 1765 Pentecost Way in the RM-2-6 Zone of the Mid-City Eastern Area Community.

The project was determined to be categorically exempt pursuant to Section 15301 (Existing Facilities) of the California Environmental Quality Act on November 8, 2024, and the opportunity to appeal that determination ended November 25, 2024.
