

ORDINANCE NO. 10427 OCT 6 1970
(New Series)

AN ORDINANCE APPROVING AND ADOPTING AN AMENDMENT TO RULE X OF THE RULES OF THE CIVIL SERVICE COMMISSION BY AMENDING SECTION 4, AND AMENDING CHAPTER II, ARTICLE 3, DIVISION 11 OF THE SAN DIEGO MUNICIPAL CODE BY AMENDING SECTION 23.1104 RELATING TO LEAVES OF ABSENCE.

BE IT ORDAINED, by the Council of The City of San Diego as follows:

Section 1. That Rule X of the Rules of the Civil Service Commission and Chapter II, Article 3, Division 11, Section 23.1104 of the San Diego Municipal Code be and the same are hereby amended to read as follows:

SEC. 23.1104 SICK, EMERGENCY, AND INJURY LEAVES
[Section 4, Rule X of the Rules of
the Civil Service Commission]

(1) SICK LEAVE INTENT, DEFINITION, PROVISIONS.

The intent of this section is to provide a continuity of full salary to those employees who are unable because of illness or injury to perform the duties of their positions or who would expose fellow workers or the public to contagious disease and are thereby forced to be absent from employment, and to provide necessary time off from work for medical and dental care, subject to administrative regulations designed to prevent malingering or abuse of these privileges; and to reimburse employees for unused sick leave credits upon resignation, retirement, or death.

(a) SICK LEAVE DEFINITION. Sick leave is defined as the necessary absence from duty of an employee because of illness, injury, or exposure to contagious disease suffered by the employee,

or the serious disability of the employee while on a scheduled vacation, or absence authorized for medical or dental care.

(b) SICK LEAVE CREDITS. Paid sick leave credits shall be earned at the rate of one-half workday at the completion of each biweekly period of active service, and shall be accumulative without restriction. Paid sick leave credits may be used as soon as earned, but only with the approval of the appointing authority.

(c) SICK LEAVE - WORKMEN'S COMPENSATION. Those employees who are absent from duty because of a temporary disability which is defined as industrial under the Workmen's Compensation Act, but who are not granted injury leave, as provided by this rule, may use sick leave; provided, however, that any such employee who receives a temporary disability allowance, as provided under the Workmen's Compensation Law, must reimburse the City Auditor and Comptroller in the amount of the authorized compensation, in which case, only that amount of his accumulated sick leave credits as when added to said disability allowance will result in a payment to him of not more than his full salary or wages shall be charged against said accumulated sick leave credits.

(d) SICK LEAVE - REIMBURSEMENT. Unused sick leave credits may be converted to pay according to the following schedule:

(i) Upon termination, other than discharge or retirement, an employee who has

completed a minimum of five (5) years of salaried service shall be paid for all his unused sick leave credits at 25% of his pay rate.

(ii) An employee, upon his retirement, shall be paid for all his unused sick leave credits at 50% of his pay rate.

(iii) If an employee dies, the beneficiary of his City-paid life insurance shall be entitled to pay for his unused sick leave credits at 50% of his pay rate.

(2) EMERGENCY LEAVE INTENT, DEFINITION, PROVISIONS.

The intent of this section is to allow the limited use of sick leave credits by an employee who is confronted with serious emergency illness, injury, or death in his immediate family.

(a) Emergency leave is defined as the necessary absence from duty of an employee because of emergency illness of a member of his immediate family requiring the attendance of the employee upon said member until professional or other attendance can be obtained, or the absence from duty of an employee because of the death of a member of his immediate family.

(b) An eligible employee may be granted emergency leave with pay chargeable to his accumulated sick leave credits not to exceed a total of 5 workdays for each instance of emergency illness or death in his immediate family. In the case of illness followed by death, an employee may be granted a maximum of 10 consecutive workdays

of emergency leave chargeable to his sick leave credits.

(3) NONAPPLICABILITY. None of the foregoing provisions of this Rule shall be applicable to employees paid on an hourly or daily basis.

(4) INJURY LEAVE INTENT, DEFINITION, PROVISIONS. The intent of this section is to provide a continuity of full salary in lieu of the Workmen's Compensation benefits established by the State and the sick leave provisions of this Rule for any employee who, without misconduct or negligence on his part, is temporarily and totally incapacitated from performing productive City work by reason of injury or illness suffered while properly performing the duties of his position and arising out of his employment, provided he is expected to be able to return to work with the City in his regular position, or a different position which has been approved by the Civil Service Commission, following a reasonable period of recuperation. The provisions herein shall not be applicable when disability retirement is indicated because of the permanent and stationary nature of the disability, as determined by the City Manager or nonmanagerial department head and the Civil Service Commission, based upon authoritative medical and safety advice.

(a) INJURY LEAVE, DEFINITION. Injury leave is hereby defined as the necessary absence from duty of an employee because of an injury or illness suffered during the proper performance of the duties of his position without misconduct, negligence, or contributory negligence on the part of the employee.

(b) INJURY LEAVE GRANTING. Any employee who is compelled to be absent from duty because of an injury or illness as defined above, may be granted a leave of absence with full pay only upon (1) the recommendation of the City Manager or nonmanagerial department head and (2) the approval of the Civil Service Commission. Injury leave will be granted only in cases where there is a proven, external, causative employment experience which results in a disabling injury or illness. The disability must have resulted while the employee was engaged in the proper performance of the duties of his position or reasonably related City work, and must be connected logically and medically to a service-connected traumatic incident, exertion, or exposure to contagious disease or virulent environment. In order for the relationship between employment and the disability to be established, the preponderance of medical opinion must verify that the injury resulted because of demands of and/or exposure on the job.

(c) INJURY LEAVE DENIED. Injury leave shall be denied if the employee is injured when performing work

(i) with physical demands substantially different from and not reasonably related to the employee's position, classification, or

(ii) for which he had been physically disqualified by City medical examination, or

(iii) in an improper or negligent manner
(Negligence includes failure to observe

reasonably safe practices, safety rules, regulations, applicable law, or instructions, or to use required safety equipment, and failure to take prompt action after official notice to correct any physical deficiencies which, as determined by authoritative medical and safety investigation, could reasonably be considered significant cause for the injury.), or

(iv) which aggravates a previously acquired non-industrial disability.

(d) INJURY LEAVE -- DURATION. The duration of such injury leave with pay shall be that which is recommended by the City Manager or nonmanagerial department head and approved by the Commission, but shall not exceed one year for each injury, including any recurrence, aggravation, and/or sequela of an injury previously approved for injury leave with pay, which shall be charged to the balance, if any, of the one-year maximum allowance of such leave for said original injury. Injury leave shall be terminated at any time the injury is determined to be permanent and stationary in character.

(e) INJURY LEAVE CONDITIONS.

(i) No injury leave may be granted unless the injury is accepted as compensable by the State Compensation Insurance Fund; provided, however, that said acceptance shall not constitute acceptance by the City if said injury does not meet the standards and requirements set forth herein and the administrative regulations in the Personnel

10427

APR 27 1978

Manual of The City of San Diego, as provided by Rule XV.

(ii) An employee who sustains disabilities arising out of employment, but who fails to meet the requirements for injury leave, may use his sick leave credits, pursuant to the sick leave provisions of this section.

(f) INJURY LEAVE -- WORKMEN'S COMPENSATION.

Any employee granted injury leave and who receives compensation as authorized under the injury leave provisions of this section, shall reimburse the City Auditor and Comptroller in the amount of the authorized temporary disability allowance as provided under the Workmen's Compensation Law.

(g) INJURY LEAVE REVIEW. In the event of denial of injury leave by the representatives of the City Manager or nonmanagerial department head and/or the Civil Service Commission, the employee may request in writing to the Personnel Director a review of said denial, setting forth the reasons for said request. The case shall be reviewed by the City Manager and the Personnel Director, and the findings shall be reported to the Commission and the employee.

(5) EVIDENCE OF CAUSE OF ABSENCE. In all cases of absence because of sickness or injury of the employee, or illness or death in his immediate family, the employee may be required to furnish to the Commission or the appointing authority satisfactory evidence substantiating the facts justifying such leave. Failure to furnish such evidence upon request shall be

sufficient reason for denying the leave of absence with pay.

Section 2. This ordinance shall take effect and be in force on the thirtieth day from and after its passage.
