PROPOSED COUNCIL POLICY

ESTABLISHMENT OF PARKING TIME LIMIT ZONES  
IN RESIDENTIAL DISTRICTS

RECEIVED  
CITY CLERK'S OFFICE  
1970 MAY 15 PM 12:54  
SAN DIEGO, CALIF.

BACKGROUND

Heretofore, parking time limit and parking meter zones have been established only in commercial areas and fringes thereto. The non-utilization or lack of adequate off-street parking capacity now existing at a number of locations city-wide has resulted in certain residential areas being overrun by employee/student parkers. This long-term or "all-day" type of parking frequently occupies the entire street effectively denying the residents any use of same.

PURPOSE

To formulate criteria used in establishing parking time limit zones in residential areas, and to assure complete and equitable treatment of all requests for same.

POLICY

It is the policy of the Council to consider the following criteria when establishing residential area parking time limit zones:

- a. Existing use of curb parking
- b. Traffic volume and patterns
- c. Enforcement problems relative to contiguity or isolation from other limited parking zones.
- d. Area affected (extent) and effect on nearby areas.

Res. 199842  
5-21-1970

- e. Time limits to be used and hours effective--should closely parallel those zones now in operation and should be effective not less than five days a week (holidays excluded).
- f. Desires of adjacent property owners.

A survey for criteria data may be made upon the Council's initiative, the City Manager's initiative, or upon receipt of a petition representing at least seventy-five percent (75%) of the <sup>property</sup> frontage involved and signed by the owners thereof. The results of such a survey <sup>are</sup> ~~is~~ to be furnished to the Council by Report of the City Manager.
