

RESOLUTION NO. 199878

WHEREAS, it is recognized that the bulk of the population of San Diego County is a part of one large metropolitan area with city limit boundaries being contiguous to each other in many instances; and

WHEREAS, it is recognized that construction costs of buildings within our metropolitan area can be adversely affected by a difference in building regulation requirements between jurisdictions; and

WHEREAS, the cost of providing inspection department services increases when these differences in building regulation requirements exist between the various jurisdictions of San Diego County; and

WHEREAS, it is recognized that differences in building regulations between the various jurisdictions in our County can be a source of confusion and inconvenience to designers, developers, builders, material suppliers, and others who use these regulations; and

WHEREAS, the San Diego Chapter of the International Conference of Building Officials has by its letter dated April 6, 1970, presented a proposal to assure that these differences in building regulation requirements within San Diego County be reviewed and reduced to an absolute minimum; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. The City Council of The City of San Diego does concur with the objectives and approves the proposed procedure outlined in the letter of April 6, 1970, from the San Diego Chapter of the International Conference of Building Officials, filed in the office of the City Clerk as Document No. 732091, and this Council does hereby direct its Building Inspection Director to participate in those scheduled meetings of the San Diego Chapter of the International Conference of Building Officials

which are called for the purpose of reviewing building code regulations and amendments thereto within San Diego County jurisdictions and to participate in the development of as much uniformity in these regulations as practicable.

2. The City Council further directs that its Building Inspection Director bring to the attention of the Board of Appeals and Advisors all amendments endorsed by the San Diego Chapter of the International Conference of Building Officials for its consideration and recommendation regarding their adoption by this legislative body.

BE IT FURTHER RESOLVED, that all ordinances which are adopted by this legislative body which affect building regulation, not including land use code requirements, and which did not originate as a result of prior endorsement by the San Diego Chapter of the International Conference of Building Officials are directed to be forwarded to said Chapter for their information and determination as to whether they should be recommended for adoption by all other jurisdictions within San Diego County.
