

RESOLUTION OF INTENTION NO. 200618

AUG 25 1970

TO IMPROVE AND TO ESTABLISH THE GRADE ON ELDER AVENUE, DONAX AVENUE, 14TH STREET AND 15TH STREET, AND TO IMPROVE ELM AVENUE.

BE IT RESOLVED, that the Council of The City of San Diego proposes and intends to order the following work to be done and improvements to be made in said City under the provisions of the Improvement Act of 1911 and amendments thereto, and that the alternate procedures authorized by Article XIII, Section 17 of the California Constitution and provided for in Sections 61.0101 through 61.0111 of the San Diego Municipal Code shall be followed in lieu of the procedures of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931, such work being more particularly described as follows:

Section 1.

DESCRIPTION OF WORK

That ELDER AVENUE, between the easterly line of Georgia Street and a line parallel to and 150 feet easterly of the easterly line of Granger Street, in the City of San Diego and the City of Imperial Beach, be graded; that certain paving, curbs, sidewalks, cross gutters, control monuments, alley aprons, drainage facilities and appurtenances and appurtenant work in connection with any of the foregoing be constructed therein and establish the grade thereof.

That DONAX AVENUE, between the easterly line of Georgia Street and a line parallel and 155 feet easterly of the east line of Granger Street, in the City of San Diego and the City of Imperial Beach, be graded; that certain paving, curbs, sidewalks, cross gutters, control monuments, alley aprons, drainage facilities and appurtenances and appurtenant work in connection with any of the foregoing be constructed therein and establish the grade thereof.

That 14TH STREET, in the City of San Diego, between the northerly line of Elder Avenue and southerly line of Donax Avenue be graded; that certain paving, curbs, sidewalks, cross gutters, control monuments, drainage facilities and appurtenances and appurtenant work in connection with any of the foregoing be constructed therein and establish the grade thereof.

That a portion of the westerly side of 15TH STREET, in the City of San Diego, between the southerly line of Elder Avenue and a line parallel to and 241.56 feet southerly of the southerly line of Elder Avenue be graded; that certain paving, curbs, sidewalks be constructed therein and the grade be established thereof.

That ELM AVENUE, in the City of San Diego, between a line parallel to and 100 feet easterly of the easterly line of 14th Street and a line parallel to and 60 feet westerly of the westerly line of 14th Street be graded and that certain paving be constructed therein.

That the said work hereinabove described on ELDER AVENUE, DONAX AVENUE, 14TH STREET, 15TH STREET and ELM AVENUE in the City of San Diego, and the City of Imperial Beach, and streets intersecting therewith, shall be done to the grade shown and indicated on the plans and profiles on file in the office of the City Clerk of said City, and hereinafter referred to, and reference is hereby made to said plans and profiles for the description of the grade at which the work is to be done.

These projects were separately initiated and have been combined for the purpose of economy. If the Council decides at any time to abandon one or more of these projects, that decision shall not affect the validity of the remainder.

It is the opinion of the City Council that the public interest will not be served by allowing the property owners to take over the contract for the above-mentioned improvements. Therefore, Section 5249, Division 7, Part 3 of the Streets and Highways Code will not apply.

The public interest or convenience so requires and it is the opinion of this Council that the proposed work is of such a character that it directly and peculiarly affects property in the City of San Diego and the City of Imperial Beach, and that the purposes sought to be accomplished by the work can best be accomplished by a single comprehensive scheme of work.

The City Council of the City of Imperial Beach, by Resolution No. 1621, dated August 4, 1970, has consented to the formation of this assessment district, to the work described in this Resolution of Intention, and to the assumption of jurisdiction thereover by The City of San Diego.

Section 2.

PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS

All of the work hereinbefore generally described shall be constructed in the manner, at the locations, within the limits, of the materials, of the dimensions, and to the official grades as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor contained in Document No. 732338 on file in the Office of the City Clerk, copies of which are on file in the Office of the City Engineer, and by this reference thereto all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

Section 3.

DESCRIPTION OF ASSESSMENT DISTRICT

The contemplated work and improvement hereinbefore mentioned is, in the opinion of the Council, of more than local ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and the Council does declare said district to be the district benefited by the work and improvement, and to be assessed to pay the costs and expenses thereof. The district is described as follows, to wit:

All that real property in the said City of San Diego included within the exterior boundary lines of said District, as shown upon Plat No. 3807, which plat, approved by the Council, is on file in the Office of the City Clerk, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to the plat for a further full and more particular description of the assessment district and the plat so on file shall govern for all details as to the extent of the assessment district.

Section 4.

DESCRIPTION OF BONDS

Serial bonds bearing interest at the rate of seven percent (7%) per annum shall be issued to represent each unpaid assessment of fifty dollars (\$50.00) or more, to represent the expenses of the acquisition, work and improvement, all as provided by the "Improvement Act of 1911," being Part 5, Division 7, of the Streets and Highways Code. The bonds shall extend over a period ending nine years from the second day of January next succeeding the next September 1st following their date. Payments on the principal of unpaid assessments and interest thereof shall be made by property owners to the City Treasurer, and the same shall be disbursed by said City Treasurer, all as provided in the "Improvement Act of 1911" hereinabove referred to. If said bonds are redeemed before maturity and before commencement of proceedings for sale, in addition to all other sums unpaid and accrued, a premium of five percent (5%) of the unmatured principal shall be paid.
