

RESOLUTION NO. 205201 MAR 23 1972

WHEREAS, during the fall of 1971 a public hearing was conducted by the U. S. Army Corps of Engineers regarding the proposed channel development within the San Diego River Valley from approximately Morena Boulevard to the Grantville area; and

WHEREAS, strong opposition was evidenced at the hearing and numerous requests were made for the consideration of alternative designs; and

WHEREAS, it was the City's understanding that the U. S. Army Corps of Engineers would proceed with the consideration of such alternatives and would submit these proposals to the City for review during the spring of 1972; and

WHEREAS, the City has been advised by the U. S. Army Corps of Engineers that consideration of such alternative plans has ceased and will not be considered unless and until the City Council expresses an interest in such consideration; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

That the City Council of The City of San Diego urges the U. S. Army Corps of Engineers to proceed with the immediate examination of the several alternatives available for the provision of flood control in the San Diego River Valley. Such alternatives are to include but not be limited to:

- (1) Provision of new storage facilities in the vicinity of Lakeside;

(2) Provision of increased storage at El Capitan
