COUNCIL POLICY

SUBJECT: GAS TAX FUNDS - USE OF

Policy No. 200-2

BACKGROUND

The 1970 session of the State Legislature amended legislation pertaining to taxation and the allocation of gasoline taxes and commercial vehicle registration fees to remove restrictions on the amount of gas tax funds which cities may spend for maintenance of streets. The Streets and Highways Code now provides that money apportioned under Section 2106 shall be expended for right of way acquisition, construction or maintenance on the Select Street System and that money apportioned under Section 2107 may be expended for similar purposes but on any City street. Prior to this change, Section 2106 funds could not be spent for maintenance and only 60% of Section 2107 funds could be utilized for maintenance. No change was made in the use of funds apportioned under Section 2107.5.

POLICY

It is the policy of the City Council that:

1. Monies apportioned under Section 2106 of the California Streets and Highways Code (1.04¢ funds) be used for acquisition of right of way and construction on the Select Street System.
2. Of the monies apportioned under Section 2107 (.725¢ funds):
 - a. 20% be used for acquisition of right of way and construction on any City streets;
 - b. The remaining 80% be used for maintenance on the City street system.
3. Monies received under Section 2107.5 (the \$20,000 annual allocation for engineering and administration expenses) be used for studies in connection with City streets.
