

ORDINANCE NO. 11332
(New Series)

O. 74-29

MAY 30 1974

AN ORDINANCE AMENDING CHAPTER X, ARTICLE 3, OF THE SAN DIEGO MUNICIPAL CODE, BY ADDING THERETO DIVISION 3, LA JOLLA SHORES PLANNED DISTRICT, AND SECTIONS 103.0300 THROUGH 103.0306 AND REPEALING CERTAIN ZONING ORDINANCES IN CONFLICT HEREWITH.

WHEREAS, the City Council has held a public hearing on the desirability of a Planned District for the La Jolla Shores Area in the City of San Diego, California, designated on that certain Map Drawing No. C-403.1, filed in the office of the City Clerk under Document No. 747452; and

WHEREAS, Section 103.0101 of the San Diego Municipal Code states that the purpose and intent of Planned Districts is:

1. To preserve and enhance the cultural, aesthetic or economic value of neighborhoods having special importance due to their historical significance or because of their being part of older established community centers.
2. To provide a method of implementing adopted plans for such areas through the adoption of appropriate controls in lieu of conventional zoning;

and

WHEREAS, the development of La Jolla Shores should be controlled so as to protect and enhance the area's unique ocean-oriented setting and natural terrain and enable the area to maintain its distinctive identity as part of one of the outstanding residential areas of the Pacific Coast; and

WHEREAS, the preservation of topography, sea views, buildings, and landscape having aesthetic and/or architectural value, and the proper development or redevelopment of property in the La Jolla Shores Area in the City of San Diego would benefit the people of La Jolla Shores, the La Jolla Community and San Diego; NOW, THEREFORE,

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Chapter X, Article 3, of the San Diego Municipal Code, be amended by adding thereto Division 3 and Sections 103.0300 through 103.0306 to read as follows:

DIVISION 3

LA JOLLA SHORES PLANNED DISTRICT

SEC. 103.0300 PURPOSE AND INTENT

The public health, safety, and welfare require that property in La Jolla Shores shall be protected from impairment in value and that the distinctive residential character and the open seascape orientation of the La Jolla Shores Area shall be retained and enhanced.

The development of land in La Jolla Shores should be controlled so as to protect and enhance the area's unique ocean-oriented setting, architectural character and natural terrain and enable the area to maintain its distinctive identity as part of one of the outstanding residential areas of the Pacific Coast. The proper development of La Jolla Shores is in keeping with the objectives and proposals of the Progress Guide and General Plan for the City of San Diego, of the La Jolla Community Plan, and of the La Jolla Shores Precise Plan.

SEC. 103.0301 BOUNDARIES

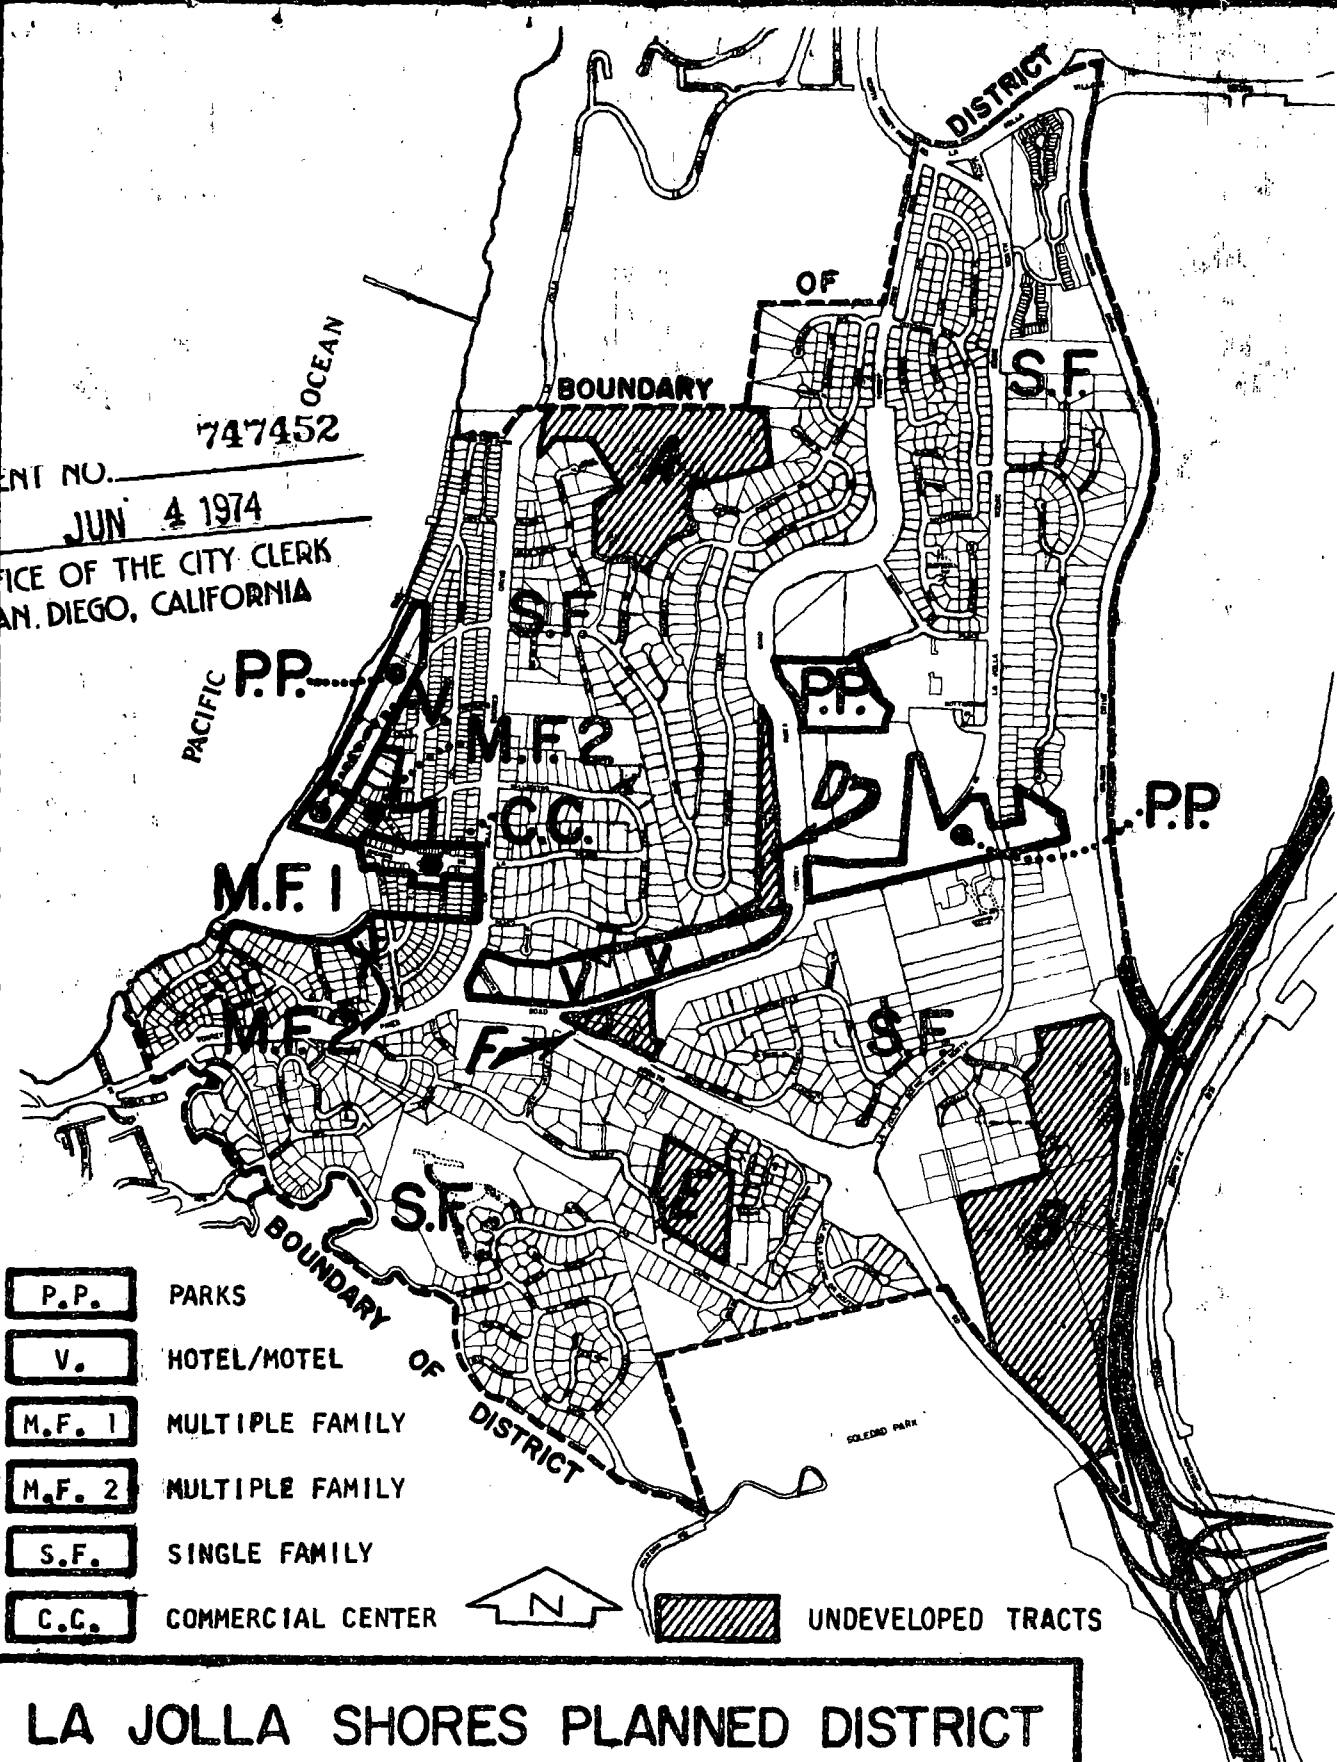

The regulations as defined herein shall apply in the La Jolla Shores Planned District which is within the boundaries of the La Jolla Shores Area in the City of San Diego, California, designated on that certain Map Drawing No. G-403, and described in the appended boundary description, filed in the office of the City Clerk under Document No. 7747452.

SEC. 103.0302 ADMINISTRATIVE REGULATIONS

The administrative regulations as defined herein shall apply in the La Jolla Shores Planned District.

SEC. 103.0302.1 ADMINISTRATION OF THE LA JOLLA SHORES PLANNED DISTRICT

A. The Planning Director shall administer the La Jolla Shores Planned District.

B. Powers and Duties

It is the duty of the Planning Director to administer and ensure compliance with the regulations and procedures contained within this Division in the manner prescribed herein for both public and private developments; to recommend to the Planning Commission any changes to the regulations, provided such changes are necessary for the proper execution of the adopted plan, and to adopt rules of procedure to supplement those contained within this Division. The Planning Director shall utilize architectural criteria and design standards adopted by the City Council in evaluating the appropriateness of any development for which a permit is applied under this Division. Except as otherwise provided in Section 103.0302.3, paragraph "D.," the Planning Director may approve, modify, or disapprove any applications for a permit after receiving the recommendations or comments from the Advisory Board and based upon the conditions of compliance or noncompliance with the adopted regulations and approved criteria and standards.

SEC. 103.0302.2 LA JOLLA SHORES PLANNED DISTRICT ADVISORY BOARD

A. La Jolla Shores Planned District Advisory Board Created

1. There is hereby created a La Jolla Shores Planned District Advisory Board which shall be composed of seven members who shall serve without compensation. The members shall be appointed by the Mayor and confirmed by the Council. The members shall serve two-year terms and each member shall serve until his successor is duly appointed and qualified. The members shall be appointed in such a manner that the terms of not more than four members shall expire in any one year. The expiration date shall be April 1. During April of each year, the Mayor may designate one member

as Chairman; however, in the absence of such designation, the Board shall, on or after May 15, select a Chairman from among its members.

2. At the time of appointment and during incumbency five of the seven-member board shall be resident property owners of the La Jolla Shores Planned District. The sixth member shall be a resident of the district but need not own property and the seventh member shall own property in the district but need not be a resident. Members of the Board shall be persons who shall be specifically qualified by reason of interest, training or experience in art, architecture, land development, landscape architecture, planning, urban design, or other relevant business or profession to judge the effects of a proposed development upon the desirability, property values, and development of surrounding areas. At least one member of such Board shall be a registered architect in the State of California.
3. The Board may adopt rules of procedure to supplement those contained within this Division. Four members shall constitute a quorum for the transaction of business and a majority vote; and not less than four affirmative votes shall be necessary to make any Board decision.
4. The Planning Director or his designated representative shall serve as Secretary of the Board and as an ex officio member and maintain records of all official actions of the Review Board. The Secretary shall not be entitled to vote.
5. All officers of the City shall cooperate with the Board and render all reasonable assistance to it.
6. The Board shall render a report annually on March 31, or on request, to the Mayor.

B. Powers and Duties

It shall be the duty of the Advisory Board to review all applications for permits referred to it including applications for Planned Residential Developments (PRD's) within the La Jolla Shores Planned District and to submit its recommendations or comments on these matters in writing within 30 days to the Planning Director. It shall also recommend to the Planning Commission any changes to the regulations, provided such changes are necessary for the proper execution of the adopted plan, and to adopt rules of procedure to supplement those contained within this Division. The Advisory Board shall utilize architectural criteria and design standards adopted by the City Council in evaluating the appropriateness of any development for which a permit is applied under this Division.

SEC. 103.0302.3 PROCEDURES FOR PERMITS APPLICATION AND REVIEW

A. Application for permits shall be made in accordance with the Municipal Code, Chapter IX and Chapter VI, Article 2, before the commencement of any work in the erection of any new building or structure, or remodeling, alteration, addition, or demolition of any existing building or structure within the Planned District or any building which is moved into the Planned District or any grading or landscaping. Approval of the Planning Director is not required for interior modifications, repairs or remodeling, nor any exterior repairs or alterations for which a permit is not now required.

B. The application shall include the following:

1. The purpose for which the proposed building, structure or improvement is intended to be used;
2. Adequate plans and specifications indicating dwelling unit density, lot area, lot coverage and off-street parking;

MICROFILMED

MAY 2 1978

3. Adequate plans and specifications for the building and improvements showing the exterior appearance, color and texture of materials, and architectural design of the exterior;
 4. Adequate plans and specifications for any outbuildings, party walls, courtyards, fences, setbacks, landscaping, signs, lighting or traffic safety; and
 5. Any other information deemed necessary by the Advisory Board and the Planning Director to judge compliance with the regulations contained herein and other applicable laws and regulations.
- C. The Building Inspection Director and the City Engineer shall refer all applications made under "A." above to the Planning Director.
- D. The Planning Director may approve, modify or disapprove any application for a permit except that the Planning Director shall process applications for PRD's in accordance with Municipal Code Section 101.0900 after receipt of written recommendations or comments from the Advisory Board. Action by the Planning Director on applications other than those for PRD's shall follow receipt of recommendation or comments from the Advisory Board and shall include a statement that the Planning Director finds that the building, structure, or improvements for which the permit was applied does or does not conform to the regulations contained herein. In the event the Planning Director determines that the proposed development does not conform to the regulations contained herein, the specific facts on which that determination is based shall be included in the written decision provided for in paragraph "E." following.
- E. Within 60 days after the submission of a complete application to the Planning Director, the Planning Director shall as required above, send his decision.

in writing to the applicant, Building Inspection Director and City Engineer, except when the applicant requests or agrees to an extension of time.

- F. If the Planning Director approves the application and the Building Inspection Director or City Engineer finds that the application conforms to all other regulations and ordinances of The City of San Diego, the appropriate department shall then issue the permit for the work.
- G. Any permit granted by the City as herein provided, shall be conditioned upon the privileges granted being utilized within 18 months after the date of issuance of said permit. Failure to start work within this 18-month period will automatically void the permit unless an extension of time has been granted by the Planning Director as set forth in paragraph "H." below. Construction must actually be commenced within the stated period and must be diligently prosecuted to completion. If the City should find that there has been no construction substantial in character since the date of the issuance of said permit, or that there has been during the course of development a lapse of work for six months, the permit shall be void.
- H. The Planning Director may grant an extension of time up to two years on the time limit contained in a currently valid permit. To initiate a request for extension of time, the property owner or owners shall file a written application with the Planning Director in the office of the Planning Department prior to the expiration of the permit. The Planning Director may grant the extension of time if he finds from the evidence submitted that there has been no material change of circumstances since the permit was originally granted.
- I. All other applications made under the Building Code and not under Section 103.0302.3 or involving interior work and not subject to any regulation

contained within this Division shall be processed in the normal manner without referral to or approval by the Planning Director.

SEC. 103.0302.4 APPEALS TO THE PLANNING COMMISSION

- A. Any interested person, governmental body or agency may appeal from the decision of the Planning Director to the City Planning Commission within ten days after the decision is filed with the Planning Department. The appeal shall be in writing and filed in duplicate with the Planning Department upon forms provided by the Planning Department. If an appeal is filed within the time specified, it automatically stays proceedings in the matter until a determination is made by the Planning Commission.
- B. Upon the filing of the appeal, the Planning Department shall set the matter for public hearing before the Planning Commission giving the same notice as provided in Section 101.0206. The Planning Director shall transmit to the Planning Commission a copy of his decision and findings, and all other evidence, maps, papers and exhibits upon which the Planning Director made its decision.
- C. Decision of the Planning Commission. Upon the hearing of such appeal, the Planning Commission may, by resolution, affirm, reverse, or modify, in whole or in part, any determination of the Planning Director. The Planning Commission decision shall be final.

SEC. 103.0303 GENERAL REGULATIONS

The general regulations as defined herein shall apply in the La Jolla Shores Planned District.

SEC. 103.0303.1 PLANNING, ZONING AND SUBDIVISION REGULATIONS WHICH SHALL APPLY

Chapter X, Article 1, Division 1 (Definitions and Interpretations), Chapter X, Article 1, Division 9 (Planned Developments), and Chapter X, Article 2 (Subdivisions)

of the Municipal Code shall apply in the La Jolla Shores Planned District. All other Divisions of Chapter X, Article 1, are superseded in the La Jolla Shores Planned District by the regulations contained within Chapter X, Article 3, Division 3.

SEC. 103.0303.2 NONCONFORMING USES

- A. The lawful use of land or buildings which existed at the time the Planned District regulations became effective and which did not conform in every respect with said regulations may be continued except when specifically prohibited provided no enlargement or additions to such use or buildings is made except as hereinafter provided.
- B. Any discontinuance of such a nonconforming use for a continuous period of 12 months shall be deemed to constitute abandonment of any nonconforming rights existing at the time of the enactment of the Division.
- C. Any change from a nonconforming use of land or buildings to a conforming use shall constitute abandonment of such nonconforming rights.
- D. Improvements, repairs and alterations which do not enlarge the size of a nonconforming building, structure or improvement or increase its degree of nonconformity shall be permitted.
- E. If any nonconforming building be destroyed by fire, explosion, act of God, or act of the public enemy to the extent of twice the assessed value, according to the assessment thereof by the County Assessor for the fiscal year during which such destruction occurs, then and without further action by the City Council the said building and the land on which said building was located or maintained shall from and after the date of such destruction be subject to all the regulations of this Division. In the event it is determined by the Fire Chief of The City of San Diego the destruction was incendiary in origin then the building may be completely restored or rebuilt not exceeding the size of the original building.

SEC. 103.0303.3 HEIGHT LIMITATION - MEASUREMENT OF

The height of the building or structure, including all structural appurtenances as used herein, shall be measured as the vertical distance between the highest point of the coping of a flat roof or to the top ridge of a mansard roof or to the average height of the highest gable of a pitch or hip roof or to the highest point of any structure and finished grade at any point adjacent to, or five feet out from any building wall (or at the property line, whichever first occurs), whichever is lower in elevation, exclusive of retaining walls and/or slope rights on adjacent property or properties which may be used to alter preexisting grade.

In the cases where retaining walls or slope rights are utilized to create finished grade higher in elevation than preexisting grade, then preexisting grade shall be used in the determination of building or structure height.

Preexisting grade is defined as the ground level elevation which existed prior to any site preparation related to, or to be incorporated into, the proposed new development or alteration.

SEC. 103.0303.4 GENERAL DESIGN REGULATIONS

Concurrent with the adoption of this Division, the City Council shall by resolution also adopt architectural and design standards to be used in evaluating the appropriateness of any development for which a permit is applied under this Division; such architectural and design standards shall be filed in the office of the City Clerk as a numbered document.

A. Character of the Area

In this primarily single-family residential community, a typical home is characterized by extensive use of glass, shake or shingle overhanging roof, and a low, rambling silhouette. Patios, the atrium or enclosed courtyard, and decks facilitate the "inside-outside" orientation of life in Southern California. Spanish Mediterranean and Mexican influences are seen in the prevalent use of

the arch and of terra cotta and glazed tiles. The residential and commercial structures incorporate an honest use of natural building materials and, in many instances, are characterized as a truly American style of architecture, fusing the purity and geometry of the Mexican-Spanish period with a simplicity of materials and detail with integrated landscape design.

B. Design Principle

Within the limitations implied above, originality and diversity in architecture are encouraged. The theme "unity with variety" shall be a guiding principle. Unity without variety means simple monotony; variety by itself is chaos. No structure shall be approved which is substantially like any other structure located on an adjacent parcel. Conversely, no structure will be approved that is so different in quality, form, materials, color, and relationship as to disrupt the architectural unity of the area.

C. Design Requirements

Building materials and color are the most critical unifying elements. For this reason, roof materials within the La Jolla Shores Planned District shall be limited to wood shakes, wood shingles, clay tile, slate or copper of good quality where the pitch is 4 in 12 or greater. Roofs with a pitch of less than 4 in 12 may also be covered with crushed stone of muted dark tone. Exterior wall materials shall be limited to wood siding, wood shingles, adobe and concrete blocks, brick, stucco, concrete or natural stone. White and natural earth colors should predominate. Primary colors may be used for accent.

To preserve the seaside character of the community each building should be sited so as to protect views and provide for see-throughs to the ocean.

Lighting which highlights architectural features of a structure shall be permitted. Such lighting shall be unobtrusive and shielded so as not to fall

excessively on adjacent properties.

Appurtenances on the roof shall be enclosed or otherwise designed or shielded to be attractive.

D. Grading Regulations

1. It is the intent of these regulations to preserve canyons and to prevent the cutting of steep slopes and the excessive filling to create level lots. No grading or disruption of the natural terrain shall be permitted until a permit which includes grading has been approved by the Planning Director.
2. The Planning Director may approve grading plans if it is concluded that:
 - a. The development will result in minimum disturbance of the natural terrain and vegetation commensurate with the proposed use of the lot or premises.
 - b. Grading, excavation and filling proposed in connection with the development will not result in soil erosion, silting of lower slopes, slide damage, flooding problems, or excessive cutting or scarring.
 - c. The proposed development will strive to preserve and enhance the natural environment and any existing aesthetic qualities of the site.

SEC. 103.0304 PERMITTED USE REGULATIONS

A. Purpose and Intent

The intent of these regulations is to preserve and enhance the environmental quality of La Jolla Shores Area as a place to live. A variety of housing types including single and multiple family units, motels and hotels supported by the necessary public facilities should be encouraged. The

development of the businesses necessary to serve the residents and visitors to the area will be permitted in a compact and centrally located commercial area. Large high-rise buildings, out of scale with other structures within the community as well as automobile drive-in and drive-through establishments will be prohibited.

SEC. 103.0304. SINGLE FAMILY ZONE - PERMITTED USES

In the Single Family (SF) Zone, designated on Map Drawing No. C-403.1, no building or improvement or portion thereof shall be erected, constructed, converted, established, altered, or enlarged, nor shall any premises be used except for one or more of the following uses:

1. One-family dwellings.
2. Accessory uses and buildings customarily incidental to the foregoing permitted use including the following:
 - a. Not more than two lodgers or boarders.
 - b. Not more than one guest house on any premises.
3. Public parks, public playgrounds and golf courses.
4. Schools limited to primary, elementary, junior and senior high schools.
5. Churches, temples or buildings of a permanent nature, used primarily for religious purposes.
6. Electric distribution and gas regulating stations.
7. Temporary real estate sales offices and model homes in new subdivisions under the following conditions:
 - a. Within the boundaries of a subdivision where lots are offered for sale to the public for the first time, buildings and structures erected in compliance with the provisions of the prevailing area may be used as follows: one building for a temporary real estate

sales office and not more than four dwelling units for temporary demonstration or model home purposes. Such temporary uses shall be maintained only in conjunction with the sale or rent of land or buildings within such subdivision, and such uses shall terminate two years after the filing in the office of the County Recorder of the final subdivision map which includes the lots on which the uses are located.

- b. No use authorized by the preceding paragraph shall be established closer than 200 feet from any occupied dwelling unit not in the same subdivision.

A. Dwelling Unit Density Regulation

In the following Single Family Zone, designated on Map Drawing No. C-403.1, unless specified otherwise, no lot or parcel shall be developed or occupied by more dwelling units than the average dwelling unit density (units per acre) of the developed SF Zone within 300 feet of the subject lot or parcel. In the event the subject parcel is not adjacent to or within 300 feet of subdivided and/or developed lots or parcels so that an average of dwelling unit density within 300 feet can be reasonably obtained, then said parcel shall be limited in dwelling unit density by the regulation described below under paragraph "B.1.," of this same section.

B. Specific Tract Requirements

In the following specific areas designated on Map Drawing C-403.1, no tract shall be occupied by more dwelling units than the number permitted below:

1. The dwelling unit density of all undeveloped Tracts A through D shall be limited to one unit for every 40,000 square feet of net land area within the Land Conservation (LC) Zone as determined by the City Council under Ordinances 10739 N.S., 10747 N.S., and 10752 N.S., on file in the City

Clerk's office and one unit for every 20,000 square feet of net land area that is not within the LC Zone. Before calculating the number of permitted dwelling units and to determine the net land area within a particular tract, the amount of area proposed for public rights-of-way, private roadways and public or commercial parking shall be deducted from the gross tract area.

2. Where development under a PRD is permitted as provided for under Section 101.0900 of the Municipal Code, no more than eight dwelling units shall be permitted on any one acre. Parking under a "cluster" concept shall be provided at a ratio of two private spaces and one public or communal space per living unit.
3. Tract A, a portion of Pueblo Lot 1297, bounded generally by P.L. 1298 and the subdivisions of La Jolla Shores Terrace, La Jolla Costa Dorada, and La Jolla Shores Heights, may be developed under a PRD or as a standard subdivision.
4. Tract B, a portion of Pueblo Lots 1265, 1266, 1267, 1289 and 1290 bounded generally by Ardath Road, La Jolla Scenic Drive, Interstate 5 and the easterly prolongation of the northerly line of La Jolla Vista Estates Subdivision may be developed under a PRD or as a standard subdivision.
5. Tract D, a portion of Pueblo Lot bounded generally by Torrey Pines Road, the westerly line of Prestwick Estates Unit No. 1 and the northerly line of Pueblo Lot 1289 may be developed as a PRD or as a standard subdivision with the dwelling units limited to the area not included in the Land Conservation Zone adopted by the City Council under Ordinance 10751 N.S. In this particular tract a 45 foot plus roof height limit may be observed to permit the preservation of trees and to minimize the cutting

of slopes. Vehicular access to Torrey Pines Road shall be limited to one curb cut not to exceed 30 feet.

6. Tract E, a portion of Pueblo Lot 1288, bounded on the north by the westerly prolongation and the south boundary of Ardath Vistas Subdivision; on the east by the westerly line of Hidden Valley Subdivision and Record of Survey 2482; on the south by the north line of Azure Coast Subdivision Unit No. 3 and on the west by Hidden Valley Road and the east line of Record of Survey 3266 may be developed as a standard subdivision or a PRD, the average density shall not exceed one unit per 20,000 square feet of land area.
7. Tract F, a portion of Pueblo Lot 1288 including Lots 1 and 2 Tres Calles subdivision, bounded by the southerly line of Torrey Pines Road, the westerly line of Azure Coast Unit No. 2 and on the south by Azure Coast Drive and Ardath Road shall be limited to a maximum of eight dwellings per net acre. A maximum height of 32 feet plus roof shall be observed.

C. Siting of Buildings

1. Buildings with openings (i.e., doors and/or windows) facing the side property line shall be constructed not closer than four feet from said property line.
2. Buildings without openings facing the side property line may be constructed on the side property line provided the drainage of storm water falling on the roof of such building is carried off on the subject property and shall in no way endanger or interfere with any abutting property, easement, or rights-of-way.

D. Maximum Building Height

No building or structure shall be erected, constructed, altered, moved or enlarged to a greater height than 30 feet. Exceptions: In Tract D, the

maximum height shall be 45 feet plus roof and in Tract F the maximum height shall be 32 feet plus roof as designated on Map Drawing (C-403.1) and 2.

E. Maximum Lot Coverage

No building or structure shall be erected, constructed, altered, moved in or enlarged to cover more than 60% of the lot or parcel.

F. Landscaping Regulations

1. In the Single Family Zone designated on Map Drawing C-403.1, all of the property not used or occupied by structures, unplanted recreational areas, walks and driveways shall be landscaped which may include native materials, and in no case shall this landscaped area be less than thirty percent of the total parcel area.
2. All landscaped material shall be permanently maintained in a growing and healthy condition including trimming as appropriate to the landscaping material.

G. Off-Street Parking

The following off-street parking requirements, construction, maintenance and operation regulations shall apply to parking in the La Jolla Shores Planned District. Off-street parking shall be in substantial conformance with standards adopted by the Planning Commission as set forth in a document entitled "Locational Criteria, Developmental Standards and Operational Standards - Off-Street Parking Lots," on file in the office of the Planning Department.

1. Every premises shall be provided with a minimum of permanently maintained off-street parking spaces as follows. The required parking shall be located on the same premises as the building it serves.
 - a. For each dwelling unit - two spaces.
 - b. For boarding and lodging houses - one space for each lodger.

- c. For each guest house - one space.
 - d. For primary, elementary, and junior high schools:
 - (1) One and one-half spaces for each classroom where the school has no auditorium, gymnasium or other similar place of assembly; or
 - (2) One space for each 35 square feet of floor area used for seating in the school auditorium, gymnasium or other similar place of assembly.
 - e. For senior high schools:
 - (1) One space for each eight students at ultimate enrollment.
 - (2) One space for each 1.25 staff members at full complement.
 - f. For churches, temples or buildings of a permanent nature used primarily for religious purposes - one space for each three fixed seats, or one parking space for each 21 square feet of floor area where there are no fixed seats.
2. Where ambiguity exists in the application of these off-street parking requirements or where any use not specified is found to be a permitted use, the off-street parking requirements shall be consistent with that for similar uses in the La Jolla Shores Planned District.

H. Sign Regulations

For the purposes of this section the word "sign" is hereby defined to mean any painted or fabricated element including its structure which may consist of any letter, figure, character, or marks. Except for one nameplate having a maximum of one square foot for each dwelling unit, all signs shall be approved by the Planning Director.

- I. For each temporary real estate sales office and each model home - one temporary sign not more than four square feet in area on the same premises

identifying the subdivision in which the sales office or home is located. All such signs shall be removed within 18 months of the filing of the final subdivision map.

J. One temporary sign shall be permitted on each lot or parcel of real estate, to advertise the leasing, rental or sale of such lot or parcel, provided that such sign meets all of the following conditions:

1. Such sign shall be installed and maintained by, or at the direction of, the owner of such lot or parcel of real property;
2. Such sign shall not exceed 5x7 inches in size and no part of such sign shall extend more than four feet above the surface of the ground upon which it is erected;
3. Such sign shall be unlighted.

SEC. 103.0304.2 MULTI-FAMILY ZONES - PERMITTED USES

In the Multi-Family (MF) Zones, designated on Map Drawing No. C-403.1, no building or improvement or portion thereof shall be erected, constructed, established, altered, or enlarged nor shall any premises be used except for one or more of the following purposes:

1. Any use permitted in the Single Family Zone.
2. Two-family dwellings.
3. Apartment houses designed to serve as the principal place of residence for a family or person. These units should not serve transient and temporary residents in the manner of a hotel or motel.
4. Accessory uses may include the following:
 - a. Not more than two lodgers or boarders per dwelling unit.
 - b. Recreational and health facilities which are designed, used and clearly intended for the use of occupants of residential complexes,

including tennis courts, putting greens, exercise rooms and sauna and steam baths.

- c. Communal dining facilities and snack bars in residential complexes which are designed, used and clearly intended for the convenience of the occupants and guests of the residential complex only.

All accessory uses shall be located in the same building complex as the permitted uses which they serve. There shall be no entrance to any such accessory uses except through a foyer, court, lobby, hall, patio or other similar interior area. However, neither of the foregoing regulations shall be applicable to accessory uses exclusively serving outdoor recreational activities. The combined gross floor area of all accessory uses, excluding outdoor recreational facilities, on any premises shall occupy not more than 20 percent of the gross floor area of the permitted uses.

5. Residential care homes for not more than six aged persons, which are licensed by the State of California Department of Social Welfare.
6. Day care centers for not more than ten children under the age of eight years.
7. Parking facilities accessory to a permitted use in the Multi-Family Zones.
8. Any other use which the Planning Commission upon recommendation of the Planning Director may find to be similar in character to the uses enumerated above and consistent with the purpose and intent of the Multi-Family Areas and the La Jolla Shores Planned District. The adopted resolution embodying such finding shall be filed in the office of the City Clerk.

A. Dwelling Unit Density Regulations

In the Multi-Family (MF1 and MF2) Zones, designated on Map Drawing C-403.1 unless specified otherwise, no lot or parcel shall be developed or occupied

by more than one unit for every 2,200 square feet of lot area in the MF1 Zone and one unit for every 1,000 square feet of lot area in the MF2 Zone.

B. Siting of Buildings

1. Buildings with openings (i.e., doors and/or windows) facing the side property line shall be constructed not closer than four feet from said property line.
2. Buildings without openings facing the side property line may be constructed on the side property line provided the drainage of storm water falling on the roof of such building is carried off on the subject property and shall in no way endanger or interfere with any abutting property, easement, or rights-of-way.
3. To provide for see-throughs to the ocean, buildings shall be located so that the major axis of the structure will generally be at right angle to the shore line. The secondary or minor axis of the structure shall not exceed 60 percent of the width of the parcel. However, no building facade may be a continuous plane over 50 feet in length.

C. Building Heights

In the Multiple Family Areas (MF1 and MF2), designated on Map Drawing C-C-403.1, no building or structure shall be erected, constructed, altered, moved in or enlarged to a greater height than 45 feet plus roof. Exception: Blocks 3, 7, 8 and 9, La Jolla Shores Unit No. 1 shall have a maximum building height of 32 feet plus roof.

Under no condition will any part of the building including utility poles, electrical transmission towers, chimneys, ventilators, plumbing stacks, radio and television reception antennas, flagstuffs, elevator shafts and like appurtenances exceed 53 feet in height.

D. Lot Coverage

No building or structure shall be erected, constructed, altered, moved in or enlarged to cover a greater portion of the lot or parcel than is shown in the following table:

<u>Building Height Excluding Roof</u>	<u>Percent Maximum Coverage</u>

 - b. Such sign shall not exceed 5x7 inches in size and no part of such sign shall extend more than four feet above the surface of the ground upon which it is erected;
 - c. Such sign shall be unlighted.

F. Parking Location

1. Required off-street parking for uses in the Commercial Center Area (CC), designated on Map Drawing No. C-403.1, may not be located on the front 50% of the lot except when such parking is located on the second story or above. Also, required off-street parking for uses in the Commercial Center Area may be located in whole or in part on nearby land provided that all of the following criteria are met:

- a. Some portion of the parking area is within 400 feet horizontal distance of the premises on which the use requiring off-street parking is located, and provided that said parking area is in the Commercial Center (CC) and Multi-Family (MF) Areas, designated on Map Drawing No. C-403.1.
- b. Said land is owned or controlled by the owner or owners of the use requiring the off-street parking. In this connection, when parking is to be provided off the premises from where the use is located, the owner or lessee of record of the parking site shall furnish satisfactory evidence to the Planning Director that he owns or has a sufficient interest in such property to provide and maintain the minimum off-street parking facilities which are provided or maintained for only the structure or use under consideration.

SEC. 103.0304.5 PUBLIC PARK AREA

In the Public Park (PP) Area, designated on Map Drawing No. C-403.1, no building or improvement or portion thereof, shall be erected, constructed, converted, established, altered or enlarged, nor shall any premises be used except for park purposes.

SEC. 103.0305 OFF-STREET PARKING CONSTRUCTION, MAINTENANCE
AND OPERATION REGULATIONS

The following off-street parking construction, maintenance and operation regulations shall apply to all parking in the La Jolla Shores Planned District. Off-Street parking shall be in substantial conformance with standards adopted by the Planning Commission as set forth in a document entitled "Locational Criteria, Developmental Standards and Operational Standards - Off-Street Parking Lots," on file in the office of the Planning Department. Off-street parking shall also be in substantial conformance with the Architectural Controls as specified within this Division. Substantial conformance shall be determined by the Planning Director; said determination shall be subject to appeal in the manner set forth in Section 103.0302.4.

A. When Required

Off-street parking spaces and facilities required in any area shall be provided before the use requiring such parking facilities commences to operate and shall be maintained in good condition so long as the use for which it is provided exists.

B. Existing Parking Not to be Reduced

Notwithstanding any other provisions of this Division, existing off-street parking facilities in any area which were provided on the same premises and maintained before parking was required and which serve a use now requiring off-street parking shall not be reduced in number, dimension or any other manner below the requirements of the use.

C. Use of Required Parking Spaces

Required off-street parking spaces shall be used only for the parking of usable vehicles of residents, employers, employees, customers and visitors.

D. Existing Uses - Enlargement

Whenever an existing use which does not provide all the off-street parking

spaces required by the Municipal Code on any premises is enlarged by an increase in dwelling units, floor area or otherwise, there shall be provided concurrently with such enlargement a minimum of twice the number of parking spaces as would be necessitated by the magnitude of said enlargement; provided, however, the total of the existing parking spaces and those required by this paragraph need not exceed the number of parking spaces required for the enlarged development computed at the rate provided in the Municipal Code.

E. Requirements Totaled

The off-street parking requirements for two or more uses on the same premises shall be the sum of the requirements for each use computed separately.

F. Parking and Business Improvement Area

If a parking and business improvement area is formed in accordance with Chapter VI, Article 1, Division 18 of the San Diego Municipal Code, the number of off-street parking spaces required for properties within the parking and business improvement area shall decrease in accordance with the following formula:

(Assessment against the subject property) divided by (total assessment against all property in parking district) multiplied by (parking spaces provided in the district facility) multiplied by 1.25 equals parking spaces excepted.

The remainder of the off-street parking spaces required by the applicable regulations shall be provided on the lot or premises of the subject property or as otherwise provided in the particular area. Property located within more than one parking and business improvement area shall be entitled to an exception based on the sum of the exceptions calculated by the application of the formula referred to above to each parking and business improvement area.

G. Computation

In computing the required number of off-street parking spaces, a remaining fraction of one-half or more shall be deemed a whole unit of measurement; a remaining fraction of less than one-half may be disregarded.

H. Marking of Spaces

Where five or more required parking spaces are provided on a lot, each space shall be clearly marked with paint or any other more durable material contrasting in color with the surface to which applied.

I. Computation - Unmarked Areas

In an unmarked parking area containing less than five parking spaces, the number of spaces shall be the quotient of the total number of square feet in the usable parking area divided by 350 square feet.

J. Dimensions

Parking spaces shall have a minimum width of eight and one-third feet and a minimum depth of 20 feet.

K. Access

1. Each required parking space shall open directly upon an aisle or driveway of such width and design as to provide safe and efficient means of vehicular access to such parking space.
2. All required parking facilities shall have convenient access to a public street or alley. There shall be no more than one two-way driveway with a maximum width of 20 feet or no more than two one-way driveways with a maximum width of ten feet each serving the same premises for each street frontage. Driveways shall be so located as to provide at least one on-street parking space for each 50 feet of frontage of the premises, the said on-street parking space being not less than 20 feet in length measured along a full height curb.

3. Access to on-premises parking shall not be permitted from Avenida de la Playa to properties with frontage of 50 feet or less.

L. Surfacing

All parking spaces and driveways shall be surfaced with the structural equivalent of two inches of asphaltic concrete as determined by the City Engineer.

M. Lighting

No exterior lighting shall fall excessively on adjacent properties or be disturbing to other properties.

N. Wheel Stops

On premises containing five or more parking spaces, all such spaces within ten feet of the boundaries of abutting properties shall be equipped with wheel stops not less substantial than six-inch square horizontal timber permanently anchored, maintained, and located so as to confine vehicles entirely within said premises.

O. Screening of Parking

All parking areas (excluding ingress and egress but including areas between driveways) shall be screened from public rights-of-way and adjoining properties by fences, walls, buildings, planting or a combination thereof. Said fences, walls, buildings and planting shall have a height of not less than four feet except that higher than four-foot fences, walls, buildings or planting may be required to provide adequate screening if the adjoining property is substantially higher than the parking area.

P. Landscaping

A minimum area of ten percent of the interior of parking lots containing

more than 20 parking spaces shall be landscaped and provided with an adequate permanent underground watering system. This requirement is in addition to planting used for screening as permitted above. Landscaping and required watering systems shall be installed prior to the use of the parking lot. All landscaping material shall be permanently maintained in a growing and healthy condition including trimming as appropriate.

SEC. 103.0306 SPECIAL REGULATIONS

A. Storage

Storage of merchandise, material, or equipment including refuse containers in nonresidential areas shall be permitted only when incidental to a permitted use located on the same premises, and shall be completely enclosed within a building which shall consist of walls and a roof. No outdoor storage shall be permitted.

B. Parking or Storage of Boats, Trailers, and Campers

Parking or storage of boats, trailers, and campers and other wheeled vehicles for greater ^{than} ~~that~~ three days shall not be permitted within a dedicated public right-of-way or front yard.

C. Enclosure of Service Equipment

No mechanical equipment, tank, duct, elevator enclosure, cooling tower or mechanical ventilator shall be erected, constructed, maintained or altered anywhere on the premises unless all such equipment and appurtenances are contained within a completely enclosed penthouse or other portion of a building having walls or visual screening with construction and appearance similar to the main building.

D. Utilities

Public utility systems and service facilities shall be located underground

within the boundaries of a new development as provided for in Section 102.0221 of the Municipal Code.

E. Antennas

Only one exterior television and/or radio antenna per building will be permitted.

F. Private Streets, Alleys and Walkways

All streets, alleys and walkways proposed for general area wide use within any development which are not dedicated to public use shall be improved in accordance with standards established by the City Engineer. Provision acceptable to the City shall be made for the preservation and maintenance of all such streets, alleys and walkways.

G. Public Improvements

When a subdivision map is not required, the Planning Director may require improvements including but not limited to sidewalks, curbs, gutters, street pavement, and street trees as a condition for the approval of a development permit. Such improvements shall be in accordance with standards established by the City Engineer.
