WHEREAS, notice of such hearing has been given by the City Clerk to all affected property owners as defined in Chapter VI, Article 1, Division 5 of the San Diego Municipal Code, and the utilities concerned in the manner and for the time required by law; and

WHEREAS, such hearing has been duly and regularly held and all persons interested have been given an opportunity to be heard; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. The City Council does hereby find and determine that the public health, safety and general welfare require the removal of poles, overhead wires and associated overhead structures and the underground installation of wires and facilities for supplying electric, communication, community antenna television or similar or associated service within the area set forth above and that pursuant to Chapter VI, Article 1, Division 5 of the San Diego Municipal Code, the above-described area is hereby declared to be an underground utility district in the City of San Diego, and the maps and document referred to above are hereby incorporated as a part of this resolution.

2. The City Council shall by subsequent resolution fix the date upon which the property in the district must be ready to receive underground service, and shall by subsequent resolution order the removal of all poles, overhead wires and associated overhead structures and the underground installation of wires and facilities for supplying electric, communication, community antenna television or similar or associated service.

3. The City Clerk be and he is hereby instructed to notify all affected persons as defined in Chapter VI, Article 1, Division 5 of the San Diego Municipal Code, and all affected

utility companies of the adoption of this resolution within fifteen (15) days after the date of such adoption. The City Clerk shall further notify said affected persons as defined in Chapter VI, Article 1, Division 5 of the San Diego Municipal Code of the necessity that if they desire to continue to receive electric, communication, community antenna television or similar or associated service, they shall provide at their own expense all necessary facility changes on their premises so as to receive underground service from the lines relocated underground of the supplying utility company subject to applicable rules, regulations and tariffs of the respective utility company on file with the Public Utilities Commission of the State of California (as of the date of adoption of this resolution) and subject to all other applicable requirements of State law and City ordinances. The Clerk's notification shall be made in the manner provided in Chapter VI, Article 1, Division 5 of the San Diego Municipal Code.

4. The City Council hereby finds that the underground utility district created herein is required by the public health, safety and general welfare for the following reason:

Dewey Street through Bay Bridge (Chicano) Park is proposed to be closed by the City Park and Recreation Department to develop the park. The undergrounding of the overhead power and supervisory cables will enhance the development of the park.
