Because of the need to conserve water at all times, it is the policy of the Council to refuse to serve water outside of its political boundaries except in instances where obligated by law or negotiated contract, or where the water is to be served to governmental or public agencies for the direct benefit of the public, or for temporary service to contractors for construction of public improvements from which the City derives a direct or indirect benefit, and except in other instances by bulk sale of a limited amount of water for a limited time when the Council feels that because of unusual circumstances, the interests of the City will be served by permitting such service.
