2. The Applicant agrees to execute and complete the Project in accordance with the time of project performance set forth on Page 1 and under the terms and conditions of this agreement.

C. Project Costs

The grant moneys to be provided Applicant under this agreement shall be disbursed as follows:

1. If the Project includes acquisition of real property, the State shall disburse to Applicant the grant moneys as follows, but not to exceed in any event the State grant amount allocated for acquisition as set forth on page 1 of this agreement:
 - a. When acquisition is through negotiated purchase, upon close of escrow, State will disburse the amount of the State approved purchase price together with State approved costs of acquisition.
 - b. When acquisition is through proceedings in eminent domain, State will disburse the amount of the total award as provided for in the final order of condemnation together with State approved costs of acquisition.
 - c. In the event Applicant abandons such eminent domain proceedings, Applicant agrees to bear all costs in connection therewith and that no grant moneys shall be disbursed for such costs.
2. If the Project includes development, after approval by State of Applicant's plans and specifications and after completion of the Project or any phase or unit thereof, State shall disburse to Applicant upon receipt and approval by State of a statement of incurred costs from Applicant, the amount of such approved incurred costs shown on such statement, not to exceed the State grant amount allocated for development, as set forth on page 1 of this agreement, or any remaining portion of such grant amount to the extent of such statement. State may disburse up to 90% of the State grant amount allocated for development as shown on page 1 of this agreement, upon receipt and approval by State of a statement of estimated costs from Applicant. All moneys advanced to Applicant shall remain property of State until expended for project purposes.

The statements to be submitted by Applicant shall set forth in detail the incurred or estimated cost of work performed or to be performed on development of the Project and whether performance will be by construction contract or by force account. Statements shall not be submitted more frequently than ninety day periods unless otherwise requested by State.

Modifications of the development plan and schedule must be approved by State prior to any deviation from the State approved plan and schedule.

D. Project Administration

1. The Applicant shall promptly submit such reports as the State may request.

In any event Applicant shall provide State, a report showing total final Project expenditures including State and all other moneys expended within sixty (60) days after completion of Project.
2. Property and facilities acquired or developed pursuant to this agreement shall be available for inspection by the State upon request.
3. The Applicant shall use any moneys advanced by the State under the terms of this agreement solely for the Project herein described.
4. If grant moneys are advanced, the Applicant shall place such moneys in a separate interest bearing account, setting up and identifying such account prior to the advance. MICROFILMED

4. Because the benefit to be derived by the State, from the full compliance by the Applicant with the terms of this agreement, is the preservation, protection and net increase in the quantity and quality of beaches, parks, public outdoor recreation facilities and historical resources available to the people of the State of California and because such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the State by way of grant moneys under the terms of this agreement, the Applicant agrees that payment by the Applicant to the State of an amount equal to the amount of the grant moneys disbursed under this agreement by the State would be inadequate compensation to the State for any breach by the Applicant of this agreement. The Applicant further agrees therefore, that the appropriate remedy in the event of a breach by the Applicant of this agreement shall be the specific performance of this agreement.

F. Hold Harmless

1. Applicant hereby waives all claims and recourse against the State including the right to contribution for loss or damage to persons or property arising from, growing out of or in any way connected with or incident to this agreement except claims arising from the concurrent or sole negligence of State, its officers, agents, and employees.
2. 3. In the event State is named as codefendant under the provisions of Government Code Section 895 et. seq., the Applicant shall notify State of such fact and shall represent State in the legal action unless State undertakes to represent itself as codefendant in such legal action in which event State shall bear its own litigation costs, expenses, and attorney's fees.
4. In the event of judgment entered against State and Applicant because of the concurrent negligence of State and Applicant, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request a jury apportionment.

G. Financial Records

1. The Applicant shall maintain satisfactory financial accounts, documents and records for the Project and shall make them available to the State for auditing at reasonable times. Such accounts, documents and records shall be retained by the Applicant for three years following project termination or completion.

During regular office hours each of the parties hereto and their duly authorized representatives shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this agreement or matters related thereto. Applicant shall maintain and make available for inspection by State accurate records of all of its costs, disbursements and receipts with respect to its activities under this agreement.
2. The Applicant may use any generally accepted accounting system provided such system meets the minimum requirements as may be established by State.

H. Use of Facilities

1. The property acquired or developed with grant moneys under this agreement shall be used by the Applicant only for the purpose for which the State Grant moneys were requested and no other use of the area shall be permitted except by specific act of the Legislature.
2. The Applicant shall without cost to State operate and maintain the property acquired or developed pursuant to this agreement in the manner and according to the standards acceptable to State.

I. Nondiscrimination
