The Civil Service Commission shall establish and supervise in accordance with provisions set forth herein a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1 1/2) times an eligible employee's regular base rate of pay, as established herein, or time off in lieu thereof, and shall provide for extra compensation of approximately five (5) percent whenever an eligible employee is required for a significant period to work at times substantially unusual for his or her class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8 a.m. or after 6 p.m.; or (2) on a long-term schedule, working a shift regularly split by more than two consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive an approximate five (5) percent increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. In addition to the foregoing provisions for extra compensation, an employee who has been released from work and has left the work premises shall, if called back to duty, be paid for the reasonable estimate of the time required for said employee to travel from and to his or her residence and the work area and for the time the employee actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1 1/2) times said rate if the employee is designated as eligible for premium overtime pay.

The employees in the Classified Service who shall be eligible for and entitled to receive overtime compensation, as herein provided, shall be determined by the Civil Service Commission and City Manager and/or nonmanagerial department heads and approved thereafter by Council resolution ~~prior to~~ being officially designated in the Personnel Manual of The City of San Diego. Determination of eligibility and payment therefor shall be in accordance with definitions and procedures developed by the Civil Service Commission and the City Auditor and Comptroller in cooperation with the said

The City Manager shall promulgate rules and regulations as may be necessary to effectuate and govern the operation of said Educational Incentive Program. Such additional compensation as may be paid under this program shall be appropriately identified and symbolized on all official payrolls and all other records pertaining to said employee's compensation.

Section 10. BILINGUAL PAY.

Section 13. TERMINAL EMPLOYEE.

There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, granted terminal leave prior to termination of City service, shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences and is reflected upon the official payroll time sheet of the City. Upon transfer to said class and for the entire period of said terminal leave, such employee shall be paid at the rate and step established for the position occupied by said employee at the time of his transfer. Such employee shall be considered an employee of the department in which he was serving at the time of his transfer to terminal status, for purposes of accountability only, but his position as authorized by the annual appropriation ordinance shall be deemed vacated for the purpose of replacing the "Terminal Employee." There is hereby established within the Building Inspection Department of The City of San Diego the function of Noise Abatement and Control Administration which shall be administered by the Noise Abatement Officer hereinafter referred to as the "Administrator". In the performance of such duties as may be established, the Administrator shall be required to possess sufficient background and ability as set forth in the "Annual of Class Specifications for The City of San Diego.

SEC. 59.5.0202 DUTIES AND RESPONSIBILITIES OF THE ADMINISTRATOR

A. The Administrator and his staff have the responsibility of regulating and controlling the emission of all excessive or offensive noises within the City of San Diego and shall take such action, subject to the provisions of this article, as is reasonable and necessary to abate noise. The Administrator shall coordinate the activities of all City departments relating to noise control and reduction in those activities carried out by the various departments, including the Environmental Impact Report review process relating to noise pollution. The Administrator may exercise or delegate any of the functions, powers and duties vested in his office or in the administration of this office.

B. The Administrator is expressly charged:

1. To make any necessary investigations, inspections, or studies which, in his opinion, are necessary for the purpose of enforcing the provisions of this article or controlling or abating a disturbing, excessive, or offensive noise. Information derived from noise studies shall be made available to the public upon request.

2. To institute necessary proceedings to prosecute violations of this article and to compel the prevention and abatement of disturbing, excessive, or offensive noise, and as further set forth in Division 6 of this article.

3. To grant or issue variances, permits, notices, or other matters required under the provisions of this article as will not be contrary to its intent or detrimental to the public health, safety, and general welfare of the citizens of the City of San Diego, when, due to special conditions, strict and literal interpretation and enforcement of the provisions of this article would result in unusual difficulties or unnecessary hardship or be inconsistent with the general purposes of this article. 4. To do any and all other acts which may be necessary for the successful prosecution of the purposes of this article and such other acts as may be specifically enumerated herein as duties.

C. The Administrator may present to the Board for Abatement and Control of Noise (hereinafter referred to as the "Board"), as defined in Section 59.5.0207 of this article, for review and comment reports with specific recommendations for amendments to existing legislation, or for new legislation that is required to assure to the residents of the City of San Diego a quiet environment in accordance with this article.

SEC. 59.5.0203 ISSUANCE OF PERMITS OR VARIANCES BY ADMINISTRATOR

The Administrator shall evaluate all applications for permits or variances from the requirements of this article and may grant said variances with respect to time for compliance, subject to such terms, conditions, and requirements as he or she may deem reasonable to achieving compliance with the provisions of this article. Each such variance shall set forth in detail the approved method of achieving compliance and a time schedule for its accomplishment. If in the judgment of the Administrator the time for compliance cannot be reasonably determined, a permit to cause the noise may be issued for a period not to exceed three (3) years. In determining the reasonableness of the terms of any proposed permit or variance, said Administrator shall consider the magnitude of nuisance caused by the offensive noise, the uses of property within the area of impingement by the noise, operations carried on under existing nonconforming rights or conditional use permits or zone variances, the time factors related to study, design, financing and construction of remedial work, the economic factors related to age and useful life of the equipment and the general public interest and welfare.

Section 8. EXTRA COMPENSATION PLAN; ELIGIBILITY.

The members of the Classified Service, other than firemen and salaried part-time employees, shall receive the salaries provided herein as compensation in full for work performed by them during an average eighty (80) hour biweekly work period throughout the fiscal year, except as hereinafter provided.

The Civil Service Commission shall establish and supervise in accordance with provisions set forth herein a uniform extra compensation plan which shall provide overtime pay not to exceed one and one-half (1 1/2) times an eligible employee's regular base rate of pay, as established herein, or time off in lieu thereof, and shall provide for extra compensation of approximately five (5) percent whenever an eligible employee is required for a significant period to work at times substantially unusual for his or her class of employment, such as (1) working a night shift in which the majority of the hours of work scheduled for said employee throughout any pay period are before 8 a.m. or after 6 p.m.; or (2) on a long-term schedule, working a shift regularly split by more than two consecutive hours or such other work schedule as may be determined by the Civil Service Commission and the City Manager or nonmanagerial appointing authority to be substantially unusual for the class of employment. An eligible employee who is required to work under more than one of the unusual conditions indicated above shall receive an approximate five (5) percent increase for each of said unusual conditions which shall be certified by the appointing authority on the official payroll time sheets to the Personnel Director. Such increases in compensation shall be identified and symbolized on all official payrolls and all other records pertaining to said employee's compensation. When one or more of the said working conditions are commonly accepted conditions for the class of employment, the Civil Service Commission shall take such working conditions into consideration in establishing the compensation for the class and such determination shall be final.

In addition to the foregoing provisions for extra compensation, an employee who has been released from work and has left the work premises shall, if called back to duty, be paid for the reasonable estimate of the time required for said employee to travel from and to his or her residence and the work area and for the time the employee actually works. The total time of call-back pay, including travel time, shall not be less than two (2) hours, and shall be computed at the employee's regular rate or at one and one-half (1 1/2) times said rate if the employee is designated as eligible for premium overtime pay.

The employees in the Classified Service who shall be eligible for and entitled to receive overtime compensation, as herein provided, shall be determined by the Civil Service Commission and City Manager and/or nonmanagerial department heads and approved thereafter by Council resolution prior to being officially designated in the Personnel Manual of The City of San Diego. Determination of eligibility and payment thereof shall be in accordance with definitions and procedures developed by the Civil Service Commission and the City Auditor and Comptroller in cooperation with the said appointing authorities, which said definitions and procedures shall be final, conclusive and binding on all appointing authorities and officers and employees prior to Council approval, it being the intention of this Council that authority and responsibility for determining eligibility for overtime compensation shall be pursuant to the provisions of this ordinance.

Section 9. EDUCATIONAL INCENTIVE PROGRAM.

Sworn personnel in the Police Department eligible for extra compensation pursuant to the provisions of the Educational Incentive Program established and adopted by the City Council shall be entitled to receive such additional compensation, in addition to base compensation established in this ordinance, as set forth in the program during the period of said sworn personnel's eligibility and entitlement. The City Manager shall promulgate rules and regulations as may be necessary to effectuate and govern the operation of said Educational Incentive Program. Such additional compensation as may be paid under this program shall be appropriately identified and symbolized on all official payrolls and all other records pertaining to said employee's compensation.

Section 10. BILINGUAL PAY.

Officers and employees of the City shall be paid, in addition to base compensation and other sums enumerated in this ordinance, the sum of twenty cents (\$0.20) per hour as bilingual pay when they are certified by the appointing authority to be serving in a position which requires knowledge and use of the Spanish language in the performance of their duties and have satisfactorily demonstrated such bilingual qualification pursuant to established standards. The City Manager in cooperation with the Personnel Director shall promulgate appropriate criteria and standards as may be necessary to effectuate and govern the operation of this bilingual program.

Section 11. SICK LEAVE REIMBURSEMENT.

Officers and employees currently eligible for sick leave reimbursement under provisions of the Sick Leave Reimbursement Program heretofore established and adopted by the City Council shall be deemed to have vested rights thereto and shall continue to be entitled to receive such benefit pursuant to the provisions of said program, regardless notwithstanding. The City Manager shall promulgate appropriate rules and regulations as may be necessary to

Section 12. RETIREMENT CONTRIBUTION.

The City shall pay into the Retirement System, the actuarial equivalent of two (2) percent of employee base compensation as additional employer contribution for Retirement System contributory purposes on behalf of all employees in classifications represented by employee organizations with which the City has in effect a currently executed and ratified Memorandum of Understanding containing such provision, all unrepresented classified employees and all unclassified officers and employees who are members of the System. It is the intent of this Council that the additional two (2) percent contribution provided herein shall be in lieu of a like amount paid heretofore by the above designated employees and that the contribution by those officers and employees be reduced by said two (2) percent.

Section 13. TERMINAL EMPLOYEE.

There is hereby created a class to be known as "Terminal Employee." Any employee, Classified or Unclassified, granted terminal leave prior to termination of City service, shall be transferred to the class of "Terminal Employee" as of the date said terminal leave commences and is reflected upon the official payroll time sheet of the City. Upon transfer to said class and for the entire period of said terminal leave, such employee shall be paid at the rate and step established for the position occupied by said employee at the time of his transfer. Such employee shall be considered an employee of the department in which he was serving at the time of his transfer to terminal status, for purposes of accountability only, but his position as authorized by the annual appropriation ordinance shall be deemed vacated for the purpose of replacing the "Terminal Employee." The Civil Service Commission shall promulgate appropriate rules and regulations as may be necessary to effectuate and govern the status of "Terminal Employees."
