

R-76-2755  
(revised)

RESOLUTION NO. 216548

AUG 4 1976

WHEREAS, Environmental Impact Report EQD No. 76-01-27C regarding construction of the Otay Mesa Sewer determined that an indirect adverse environmental impact would be that the project could lead to premature urbanization of up to 900 acres of undeveloped land in a peripheral area of the City; and

WHEREAS, the City retains growth control by its ownership of the excess sewer capacity; and

WHEREAS, growth would also be controlled by the City's normal review of development plans; and

WHEREAS, the cost of replacing the facilities if growth were desired would be excessive and wasteful; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. With regard to the Otay Mesa Road Sewer and Environmental Impact Report EQD No. 76-01-27C, this Council hereby finds that the avoidance of future costs would be beneficial to the City and its current and future residents, which benefits outweigh the potential adverse impacts described in said environmental impact report.

2. That it be and it is hereby certified that the information contained in the environmental impact report on file in the office of the City Clerk as EQD No. 76-01-27C has

been completed in compliance with the California Environmental Quality Act of 1970 and the state guidelines pursuant thereto, and that said environmental impact report has been reviewed and considered by this Council.

APPROVED: JOHN W. WITT, City Attorney
