BACKGROUND

Regulation of taxicab service is in the interest of providing the citizens of San Diego with a local transportation service of good quality. Toward attainment of that goal, the City finds it desirable to regulate taxicab certificate issuance and to set minimum levels of service.

PURPOSE

To establish a policy with guidelines for the issuance of taxicab certificates of public convenience and necessity which includes a consideration of levels of taxicab service to the public.

POLICY

It is the policy of the City Council that:

1. The maximum number of taxicab certificates of public convenience and necessity shall not exceed 410 certificates in the City of San Diego. There shall be no increase in the number of certificates for twenty-four months from the adoption of this policy.
2. No certificates shall be issued nor transfer authorized to any one person, company, business, corporation, or other entity if such issuance or transfer would cause that entity to hold or control over 50% of the outstanding certificates; provided, however, that this limitation shall not apply to the transfer of the certificates presently held by Yellow Cab Company of San Diego.
3. At least 15% of the authorized certificates shall be held by individual owner/operators.
4. The Council will not view as viable applications which do not provide for the following:
 - a. Individual owner/operators must be the actual operator of the vehicle for which the certificate is issued at least one-third of the time.
 - b. All certificate holders must agree to provide or participate in radio dispatch capability and service within one year of adoption of this policy.

IMPLEMENTING PROCEDURE

The following procedure is to be observed in the issuance of taxicab certificates, as directed by the above policy:

1. Cab Company or individual requests certificates.
2. Upon receipt of request, the City Manager shall investigate and review the key operating statistics, including certificate utilization ratios, levels of service for operating companies, and other information as required by the Municipal Code.
3. The City Manager shall then report his findings to the Council.
4. The Council will then determine, at a public hearing, if the issuance of the certificates is warranted.
5. The Council will not hold hearings for consideration of the issuance of new certificates more frequently than once each year.

LIMITED CERTIFICATES

This policy is not intended to govern the issuance of limited certificates of public convenience and necessity as authorized by Section 72.0101(m) of the San Diego Municipal Code.
