

RESOLUTION NO. 217654

R.77-1633

FEB 8 1977

BE IT RESOLVED, by the Council of The City of San Diego,  
as follows:

In considering Environmental Impact Report No. 76-07-26P,  
the following findings are made:

1. The nature of the development proposed does not require  
the installation of usual public facilities. The area can  
be adequately served by the existing facilities and can be  
sewered by septic systems.

2. The proposed subdivision is consistent with the  
community plan in that the development is within the range  
0-5 dwelling units per acre. The large lots in the subdivision  
may be conveniently divided to provide additional sites should  
the need arise in the future, and such divisions will be within  
the ultimate density envisioned for ten years in the future.
