

RESOLUTION No. 218418 (R-77-2146)

Adopted on MAY 18 1977

BE IT RESOLVED, by the Council of The City of San Diego as follows:

Council adopts the following findings concerning the substantial environmental impacts identified in Environmental Impact Report, No. 76-12-15P:

The project will impose future inhabitants to air pollution exceeding acceptable standards. It is infeasible for the developer to mitigate this impact since the quality of air in the region is not subject to modification by the developer. "No project" alternative would deprive the region of housing which is in critically short supply, and that shortage is socially undesirable.
