

RESOLUTION NO. 220186

R.78-1768
JAN 31 1978

BE IT RESOLVED, by the Council of The City of San Diego, pursuant to California Public Resources Code, Section 21081, the following findings are made with respect to the environmental facts identified in Environmental Impact Report No. 76-08-28C:

The impact of noise on the subject property cannot be mitigated except by denial of the use of the property for residential purposes. This alternative is socially infeasible in light of the need for low-cost housing in close proximity to existing community service facilities. Structural noise attenuation procedures will reduce interior noise levels to acceptable levels. No method to mitigate outdoor noise is available to the developer, and reduction of such noise can be accomplished only by reduction in aircraft noise which is beyond the power or authority of The City of San Diego.
