

(R. 79-157)

RESOLUTION NO. 221580

AUG 7 1978

WHEREAS, the City of San Diego has been an active participant in the development of the Regional Air Quality Strategy (RAQS), in the RAQS Implementation Program, and in the Air Management Process; and

WHEREAS, the Council of the City of San Diego is committed to take all reasonable action within its power to achieve and maintain federal and state air quality standards; and

WHEREAS, the Council of the City of San Diego has reviewed the inventory and projection of reactive hydrocarbon emissions prepared by the Air Pollution Control District and noted that the preponderance of these emissions come from motor vehicle exhaust and evaporation and from process losses involving the use of organic solvents and other petroleum based products; and

WHEREAS, the technology to further reduce emissions from motor vehicles is reasonably available and its widespread application can be encouraged by appropriate government action; and

WHEREAS, substitutes for some petroleum products are reasonably available and their widespread use can be encouraged by appropriate government action; and

WHEREAS, the application of motor vehicle technology and the use of substitutes for petroleum based products cannot reasonably and effectively be achieved by local efforts; NOW  
THEREFORE,

MICROFILMED

02029

BE IT RESOLVED, by the Council of The City of San Diego, that the Council hereby strongly supports and encourages appropriate legislative and administrative actions by the federal and state governments to achieve further reductions in emissions of air pollutants through (1) the application of reasonably available control technology to motor vehicles, (2) a mandatory motor vehicle inspection and maintenance program, and (3) programs to require substitutes for petroleum based products where feasible.
