

RESOLUTION NO. 222601

R.79-1630

Hillside Review Permit No. 126

JAN 16 1979

WHEREAS, ROBERT L. HILL, Trustee, LEON E. CAMPBELL, Trustee, and LEON E. CAMPBELL and MARY L. CAMPBELL, Owners, hereafter referred to as "Permittees," filed an application under Hillside Review Permit No. 126, for grading in the Hillside Review Overlay Zone (HR Zone) to allow development under the regulations of the R-1-40 and R-1-8 Zones. The property is located south of Hillside Drive between Castellana and Via Siena and is more particularly described as Lots 1 through 4, La Jolla Hillside, Map No. 8782; and

WHEREAS, on September 21, 1978, the Planning Commission of The City of San Diego made its findings of fact, denied said Hillside Review Permit No. 126, and filed said decision in the office of the City Clerk on October 4, 1978; and

WHEREAS, on September 28, 1978, pursuant to the provisions of Section 101.0454 of the San Diego Municipal Code, LEON E. CAMPBELL, ROBERT L. HILL and RICHARD K. LIVETT appealed the decision of the Planning Commission; and

WHEREAS, said appeal was set for public hearing on October 24, 1978, continued to December 5, 1978 and January 16, 1979, and testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; and

WHEREAS, the City Council in considering said appeal is empowered by the provisions of the Municipal Code,

MICROFILMED

Section 101.0454, to affirm, reverse or modify, in whole or in part, any determination of the Planning Commission, subject to the limitations as are placed upon the Planning Commission by the Municipal Code; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. The development would result in minimum disturbance of the natural terrain commensurate with the proposed use of the lot or premises.

The proposed access drive, with the indicated grading and retaining walls, would result in minimum disturbance of the natural terrain. A substantial portion of the property would be left undisturbed by the road construction and substantially less grading is proposed by the revised plan than by the original plan considered by the Planning Commission in September.

2. The grading and excavating proposed in connection with the development would not result in soil erosion, silting of lower slopes, slide damage, flooding problems or severe cutting or scarring.

The applicant has submitted grading and landscape plans which would meet requirements of the City's Engineering and Development Department for prevention of soil erosion, silting of lower slopes, slide damage and flood problems. The extensive use of retaining walls in this case would minimize grading on the property.

3. The proposed development would serve to preserve and enhance the natural environment and aesthetic qualities of the site.

The extensive use of retaining walls in this case would minimize disturbance to the property resulting in most of the site being left in its natural terrain.

The above findings are supported by the minutes, maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that the appeal of LEON E. CAMPBELL, ROBERT L. HILL and RICHARD K. LIVETT is granted, and this Council does hereby grant to ROBERT L. HILL, Trustee, LEON E. CAMPBELL, Trustee, and LEON E. CAMPBELL and MARY L. CAMPBELL, Owners and Permittees, Hillside Review Permit No. 126, in the form and with the terms and conditions as set forth in the permit attached hereto and made a part hereof.
