

RESOLUTION NUMBER R- 262125

Adopted on DEC 11 1984

BE IT RESOLVED, that the Council of The City of San Diego hereby approves in concept the County of San Diego SAN DIEGO RIVER CONCEPTUAL MASTER PLAN, a copy of which is on file in the office of the City Clerk as Document No. RR-262125, on condition that:

A. There will be ongoing participation by The City of San Diego in future studies and decisions affecting areas of concern to the City, which are as follows:

1. That adequate criteria for flood management facilities be developed. These criteria must be developed only as a result of findings from technical studies based upon the proposals embodied in the conceptual plan. In addition, there should be ongoing City participation in any flood management decisions having the possibility of adversely affecting City properties in the plan area and downstream areas of the City.

2. That City owned properties (primarily held by Water Utilities), including the question of water rights, be given the same consideration given to properties held by private interests insofar as final designation of land uses and disposition of revenues generated therefrom are concerned.

3. That any City contributions of funds and

staff to future studies contemplated by the conceptual plan be commensurate with contributions from other affected property owners.

B. That the City Council direct that appropriate City staff work with the County of San Diego for purposes of protecting the City's interests during the subsequent studies recommended by the Conceptual Master Plan.
