

**RESOLUTION No.** R-262615 (R-      )

Adopted on \_\_\_\_\_

BE IT RESOLVED, by the Council of The City of San Diego as follows:

This "Dummy" Resolution is for R-262615 which number was not used. (ITEM-333 of the Council Meeting of February 26, 1985)

The number was originally assigned to Council's action to deny the request of Centre City to be exempt from the City Street Lighting Program requiring only the installation of low pressure sodium lighting.

The City Attorney ruled that the matter was denied (filed), and that an amended/or new resolution was not appropriate.

Therefore, Resolution No. R-262615 was not used.
