ADOPTED ON APR 1 1986

AN EMERGENCY ORDINANCE AMENDING SECTION 2 OF
EMERGENCY ORDINANCE NO. O-16413 (NEW SERIES),
ADOPTED APRIL 23, 1985.

WHEREAS, the existing recommendations and implementing mechanisms in the University Community Plan (1983) have not been effective in reducing levels of traffic congestion associated with the rapid development of said community; and

WHEREAS, traffic volumes on the major roads will continue to increase in relation to their present design capacities; and

WHEREAS, the construction of new commercial and residential development has accelerated during the recent two-year period; and

WHEREAS, under present zoning, potential development could greatly exceed community plan levels based upon a 1980 Land Use Forecast; and

WHEREAS, The City of San Diego is committed to the study and development of permanent solutions to the problems of traffic congestion; and

WHEREAS, continued development in excess of levels assumed by the University Community Plan, as identified in the 1980 Land Use Forecast (Appendix 3), could impair the ability of The City of San Diego to implement solutions which are in the interest of the public health, safety and general welfare; and

WHEREAS, Municipal Code Section 9101 empowers the City Council to limit or prohibit the issuance of any type, number or geographic distribution of permits where such issuance would detrimentally affect the health, safety or general welfare of the citizens of The City of San Diego; and

WHEREAS, the present emergency ordinance will expire on April 22, 1986, and its replacement will not be in effect; and

WHEREAS, the lapse of this ordinance would allow building permits to be issued which would detrimentally affect the health, safety or general welfare of the citizens of San Diego; NOW, THEREFORE,
