WHEREAS, the Council has reviewed and considered the information contained in said Final Environmental Impact Report with respect to the proposed revisions to the Southeast San Diego Community Plan; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. The Council hereby certifies that the Final Environmental Impact Report with respect to the proposed Southeast San Diego Community Plan has been prepared and completed in compliance with the California Environmental Quality Act of 1970 ("CEQA"), and State and local regulations adopted pursuant thereto and the Agency has so certified.

2. The Council hereby further certifies that the information contained in the Final Environmental Impact Report has been reviewed and considered by the members of the Council.

3. The Council hereby finds with respect to the possible significant environmental effects discussed in the Final Environmental Impact Report:

a. That all possible significant environmental effects of the proposed Redevelopment Plan set forth in the Final Environmental Impact Report, including those raised in comments on the Draft Environmental Impact Report, have been considered and recognized by the Council.

b. That based on information set forth in the Final Environmental Impact Report and the record of the proceedings herein, the Council finds and determines that each of the possible significant environmental effects identified in the Final Environmental Impact Report related to land use, traffic, open space, public facilities, flooding and noise are insignificant, or that measures have been incorporated into the Project and its implementation which will mitigate or avoid each such possible effect so that each is insignificant.

c. That the Project will not have a significant effect or result in a substantial or potentially substantial adverse change in the environment.

4. The Council hereby finds and determines that all significant environmental effects identified in the Final Environmental Impact Report have been reduced to an acceptable level in that all possible significant environmental effects have been or will be eliminated or substantially lessened as

determined through the findings set forth in paragraph 3.b of this resolution.

5. The Council hereby authorizes and directs that a Notice of Determination with respect to the Final Environmental Impact Report be filed upon adoption of the proposed revisions to the Southeast Community Plan by the Council.
