

RESOLUTION NUMBER R- 265406

ADOPTED ON APR 07 1986

BE IT RESOLVED, by the Council of The City of San Diego, that the San Diego County Health Department is hereby requested to study the health impact on the neighborhood surrounding California Creative Dynamics (CCD), including a health survey, and to report its findings to the Public Services and Safety Committee.

BE IT FURTHER RESOLVED, that the City Manager and the City Attorney are hereby directed to work together to prohibit CCD from reopening until all regulations and codes are complied with, including legal action if necessary, and further to work with CCD in attempting to relocate them to a more appropriate area.

BE IT FURTHER RESOLVED, that the City Manager, Planning Department and the City Attorney are hereby directed to investigate rezoning of the subject property, and any similar property within the City of San Diego, to insure businesses of this nature are not located adjacent to residential neighborhoods.

BE IT FURTHER RESOLVED, that the City Attorney is hereby directed to work with the Air Pollution Control District to initiate abatement proceedings, without the necessity of a health survey, in any instance where the Air Pollution Control District standards are not being met and where non-compliance represents a potential health hazard.

BE IT FURTHER RESOLVED, that the Air Pollution Control District is hereby requested to report to the Public Services and Safety Committee as to what their enforcement role is in the subject type of incidents and how much latitude they have in dealing with them.

BE IT FURTHER RESOLVED, that the City Manager is hereby directed to investigate modifying the building permit process as it relates to businesses of this nature.

BE IT FURTHER RESOLVED, that the County Health Department is hereby requested to create a register containing the names and addresses of all residents in the affected area, which register will be used for the purpose of tracking chronic health problems which may result due to exposure to the hazardous material.
