CITY of SAN DIEGO
MEMORANDUM

FILE NO.: 498
DATE : October 16, 1986
TO : John Lockwood, City Manager
FROM : W. B. Kolender, Chief of Police
SUBJECT: Proposal for a "Mayor's Commission Against Drug Abuse"

1. PURPOSE AND INTENT

A Mayor's Commission Against Drug Abuse should be established to study, consult and advise the Mayor, City Council, and City Manager on drug abuse in the City of San Diego and prevention efforts which could be taken by the City to reduce substance abuse by its citizens. The commission should study the scope of the problem, develop specific recommendations and provide a program to monitor the City's progress toward a drug free San Diego.

2. METHODOLOGY

A. COMPOSITION OF COMMISSION

All members of the commission should be chosen and appointed by the mayor. The size of the membership should be decided upon by the mayor after first determining the level and amount of input desired and the optimal number of members that might work together effectively. The Police Department recommends that certain community members be considered for appointment as per the attached list. In addition, the mayor may wish to consider requesting nominations for membership from each council district.

The mayor should appoint the commission chair or serve in that position herself. Also, consideration should be given to the creation of subcommittees to study specific areas of concern.

\$100,000.00 has been budgeted to provide staff support to the commission, including analysts and clericals, which will be transferred to and paid out of the City Manager's Budget. The City Manager's Office and the Police Department will provide liaison personnel to assist the commission in accomplishing its task.

B. COMMISSION FACT FINDING

It is recommended that a series of meetings be held to inform the commission as to the nature and extent of drug problems in San Diego as well as existing prevention and rehabilitation efforts.

These meetings should include:

1. Briefings by law enforcement officials and representatives of the Probation Department, State Parole and the Judiciary.
2. Presentations by professionals and medical experts in the fields of drug abuse prevention, treatment and rehabilitation.

C. COMMUNITY HEARINGS

Community hearings should be held throughout the City of San Diego to solicit the public's assessment of drug abuse and related problems in their area. These hearings could be modeled after those conducted by the Citizen's Advisory Board on Police/Community Relations.

D. SURVEY INFORMATION AND PROGRAM REVIEW

The staff analyst should conduct a survey of the related literature and provide a cogent summary to the commission. The staff analyst would also be available to organize and report upon the data gathered at briefings, meetings, hearings. There may be sufficient funds in the allocated budget to allow for a LIMITED community survey on selected topics. The staff analyst should also assist the commission in developing an appropriate review mechanism to determine their effectiveness.

3. RECOMMENDATIONS

The commission, based upon the information received and developed, should assess the scope of the drug abuse problem in San Diego and make recommendations to the City Council regarding appropriate remedial and prevention strategies.
