

(R-88-1488)

RESOLUTION NUMBER R-269982

ADOPTED ON DECEMBER 8, 1987

WHEREAS, Skyline/Paradise Hills Community Planning Group, by Cathy Alegria, Chair, appealed the decision of the Planning Commission in approving Tentative Map No. T.M. 87-0448 submitted by Gary Steele for a four (4) lot subdivision of a 0.87 acre lot for residential development, on a portion of Lot 59, Subdivision 5 of Lot 12 of Ex-Mission Rancho per LS Map 63, located on the east side of 71st Street between Lisbon and Foster Streets, in the Skyline/Paradise Hills Community Plan area, in the R1-5000 Zone; and

WHEREAS, the matter was set for public hearing on December 8, 1987, testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, that this City Council adopts the following findings with respect to Tentative Map No. T.M. 87-0448:

1. The map proposes a division of 0.87 acres into four (4) parcels for residential development. This type of development is consistent with the General Plan and the Skyline/Paradise Community Plan which designate the area for residential use. The proposed map will retain the community's character by encouraging orderly, sequential development compatible in its intensity with surrounding existing and future land development.

2. The design and proposed improvements for the map are consistent with the zoning/development regulations of the R1-5000 in that:

A. All lots have minimum frontage on a dedicated street which is open to and usable by vehicular traffic.

B. All lots meet the minimum dimension requirements of the R1-5000 Zone.

C. All lots are designed so that required improvements do not result in nonconforming lots in respect to building area, setbacks, side yard and rear yard regulations.

3. The design and proposed improvements for the subdivision are consistent with State Map Act Section 66473.1 regarding the design of the subdivision for future passive or natural heating and/or cooling opportunities.

4. The site is physically suitable for residential development. The harmony in scale, height, bulk, density and coverage of development creates a compatible physical relationship to surrounding properties for which this area has been planned.

5. The site is physically suitable for the proposed density of development. This is consistent with the community plan which provides for residential development (0-10 dwelling units per acre).

6. The design of the subdivision or the proposed improvements will not cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat based upon the findings of Exemption No. 87-0448 which is included herein by this reference.

7. The design of the subdivision and the type of improvements will not likely cause serious public health problems inasmuch as needed public services and facilities are available/or required by condition of this map to provide for water and sewage facilities as well as other related public services.

8. The design of the subdivision and the type of improvements are such that they will not conflict with any easements, acquired by the public at large, for access through or use of property within the proposed subdivision as demonstrated by the City Engineer's request for public dedications and adequate improvement on the proposed subdivision map.

9. The City Council has reviewed the adopted Housing Element, the Progress Guide and General Plan of The City of San Diego and hereby finds, pursuant to Section 66412.3 of the Government Code, that the housing needs of the region are being met since residential development has been planned for the area and public services programmed for installation, as determined by the City Engineer, in accordance with financing and environmental policies of the City Council.

10. The notices required by Paragraph A., Section 101.0993 of the San Diego Municipal Code, have been given in the manner required by that paragraph.

The above findings are supported by the minutes, maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that the appeal of Skyline/Paradise Hills Community Planning Group, by Cathy Alegria, Chair, is

denied; the decision of the Planning Commission is sustained, and Tentative Map No. T.M. 87-0448 is hereby granted to Gary Steele, subject to the conditions attached hereto and made a part hereof.
