WHEREAS, the Council has considered the environmental effects of the proposed development as shown in the EIR for the Project; NOW, THEREFORE,

BE IT RESOLVED, by the Council for The City of San Diego, as follows:

4. The Council hereby finds and determines that:

(a) No substantial changes are proposed in the Marina Redevelopment Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the development of the real property pursuant to the Disposition and Development Agreement, which will require major or important revisions in the EIR for the Project, due to the involvement of new significant environmental impacts not covered in the EIR for the Project; and

(b) No new information of substantial importance to the Project has become available which was not known or could not have been known at the time the EIR for the Project was certified as complete, and which shows that the Project will

have any significant effects not discussed previously in the EIR for the Project, or that any significant effects previously examined will be substantially more severe than shown in the EIR for the Project, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment.

(c) No negative declaration and no subsequent EIR or supplement or addendum to the EIR for the Project is necessary or required.

(d) The development of the property pursuant to the Disposition and Development Agreement will have no significant effect on the environment except as identified and considered in the EIR for the Project.
