RESOLUTION NUMBER R- 274603

ADOPTED ON OCT 17 1989

WHEREAS, SANDAG's Policy Advisory Committee on Airport Relocation has recently reviewed a new proposal for an airport configuration on Otay Mesa; and

WHEREAS, the proposal may be a viable alternative to the three airport alternatives currently being studied by SANDAG; and

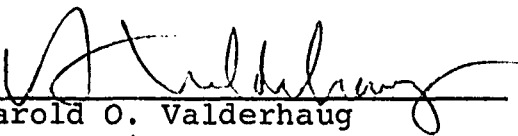

WHEREAS, Councilmembers Ron Roberts and Bob Filner, the City's representatives on SANDAG's Policy Advisory Committee on Airport Relocation have noted that the new proposal for the Otay Mesa airport configuration could operate in conjunction with Lindbergh, Montgomery and Palomar airports and they believe such a multi-airport proposal merits further study; and

WHEREAS, Councilmembers Roberts and Filner have recommended that the proposed new Otay Mesa airport configuration be examined thoroughly for noise impacts, environmental constraints, technical feasibility, ground access and ultimate capacity; and

WHEREAS, the City Council concurs in such recommendations;
NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, that the City Council hereby expresses its support of the concept of SANDAG studying a multiple-airport alternative as a part of its airport relocation subcommittee work, as more fully described in the attached letter dated September 7, 1989, from Councilmembers Roberts and Filner to the chairman of the SANDAG Policy Advisory Committee.

THE CITY OF
SAN DIEGO

OFFICE OF
THE CITY COUNCIL

Councilman Ernie Cowan
Chairman
SANDAG Policy Advisory Committee
1200 Third Avenue #524
San Diego, CA 92101

Dear Ernie:

As City of San Diego representatives to SANDAG's Policy Advisory Committee on Airport Relocation, we have recently reviewed a new proposal for an airport configuration on Otay Mesa. The proposal has been formulated by a group of private citizens as an alternative to the three airport alternatives currently being studied by SANDAG. Although smaller in capacity than the earlier alternatives, such a configuration could operate in conjunction with Lindbergh, Montgomery and Palomar airports. We believe this multiple airport proposal merits further study by our Policy Advisory Committee.

This alternative would fully utilize the land already owned by the City of San Diego at Brown Field, and require acquisition of less additional land than present SANDAG alternatives. It would not necessitate a bi-national agreement with Mexico, however, inter-connection with the Tijuana airport through a people mover system could increase the level of service of each facility. In addition, the industrial land south of Brown Field would remain for development as originally planned, enhancing the economic vitality of the South San Diego area.

We are requesting that you direct the Policy Advisory Committee to study this new alternative. We believe it should be examined thoroughly for noise impacts, environmental constraints, technical feasibility, ground access and ultimate capacity.

In order to not disrupt the study timetable, we hope to discuss the alternative at the September 21, 1989 Committee meeting, with a written report from the Committee consultant available for the October meeting.

Sincerely,

Ron Roberts
Councilmember
City of San Diego
