WHEREAS, the Southeast Economic Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 (CEQA) and state and local regulations and guidelines adopted pursuant thereto and such Secondary Study assesses the environmental impacts of the sale and development of the real property pursuant to the Amended DDA; and

1. 2. That the City Council hereby further certifies that the information contained in the Secondary Study and the Project EIR has been reviewed and considered by the members of the City Council.

3. That the City Council hereby finds and determines that:

a. No substantial changes are proposed in the Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the sale and development of the real property pursuant to the Amended DDA, which will require important revisions in the Project EIR, due to the involvement of new significant environmental impacts not covered in the Project EIR; and

b. No new information of substantial importance to the Project has become available which was not known or could not have been known at the time the Project EIR was certified as complete, and which shows that the Project will have any significant effects not discussed previously in the Project EIR, or that any significant effects previously examined will be substantially more severe than shown in the Project EIR, or that any mitigation measures or alternatives previously found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Project on the environment; and

c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the Project EIR is necessary or required; and

d. The sale and development of the real property pursuant to the Amended DDA will have no significant effect

on the environment, except as identified and considered in
the Project EIR.
