COUNCIL POLICY

Subject:

Community Development Block Grant (CDBG) Policy #: 700-02
Effective Date: 7/1/93

BACKGROUND:

The Housing and Community Development Act of 1974 established the Community Development Block Grant Program. The enabling legislation has been reviewed and amended by Congress every three years since 1974. The purpose of the CDBG program is to provide an annual source of funds to local governments for the purpose of implementing activities to develop viable urban communities, including decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income. Federal administration of the program is the responsibility of the U.S. Department of Housing and Urban Development. The City of San Diego has participated in the program since its inception.

PURPOSE:

To establish the general guidelines by which the City will select and implement activities utilizing Community Development Block Grant funds.

POLICY:

It is the policy of the City Council to allocate Community Development Block Grant funds in accordance with the following standards.

1. Selection and implementation of program activities that meet the Congressional intent of the program and the specific eligibility requirements as outlined by the U.S. Department of Housing and Urban Development.
2. Priorities of the Capital Improvements Program will be developed irrespective of whether or not the City is to receive Community Development Block Grant funds. Community Development Block Grant funds if received are to be used to supplement the City's Capital Improvements Program and not as a substitute for other City funds.
3. Funding will be allocated on a Fiscal Year basis (July 1 through June 30).
4. Allocation of Community Development Block Grant

entitlement funds will be on an formulated basis, with 60% of the annual entitlement going to individual Council Districts and 40% allocated on a City-Wide basis. The percentage of funds each Council District will receive is based upon the number of low/mod individuals in each Council Districts when compared to the low/mod income population of the entire City. Data from the most recent Census will be used to determine the percentage each Council District will receive.

5. Allocate 15% of each year's Community Development Block Grant entitlement funds to be expended for social services as defined in the applicable U.S. Department of Housing and Urban Development regulations.
6. The City occasionally provides "core" assistance to community development corporations to sustain a permanent basic staff capability to identify and advocate for the solution to community issues. The funding is generally used to maintain an office and permanent staff to carry out activities such as publishing a newsletter, identifying and addressing neighborhood issues, conducting community events and acting as an advocate for community empowerment. It is the policy of the council to require CDCs to open their membership to the residents, businesses, and property owners of the communities served and require the Board to be elected by the membership, as a condition for eligibility to receive core operating support from the City.
