

RESOLUTION NUMBER R-285823

ADOPTED ON MAY 22, 1995

BE IT RESOLVED, by the Council of The City of San Diego, that it is hereby certified that the information contained in Environmental Impact Report No. DEP No. 94-0615, on file in the office of the City Clerk, has been completed in compliance with the California Environmental Quality Act of 1970, as amended, and the State guidelines thereto (California Code of Regulations section 15000 et seq.); that the report reflects the independent judgment of The City of San Diego as Lead Agency; and that the information contained in said report, together with any comments received during the public review process, has been reviewed and considered by this Council in connection with the approval of the South Bay Ocean Outfall Extension.

BE IT FURTHER RESOLVED, that the Council hereby finds that a reasonable time has been accorded for public comment prior to certification of this final Environmental Impact Report; that pursuant to California Public Resources Code section 21092.5, at least ten days notice has been given to commenting public agencies; and that strict adherence to the fourteen day notice requirements of San Diego Municipal Code section 69.0212 is unnecessary in the present instance in view of the fact that a reasonable time for public comment has been accorded and because this joint federal project addresses a continuing emergency.

BE IT FURTHER RESOLVED, that pursuant to California Public Resources Code section 21081 and California Code of Regulations

section 15091, the City Council hereby adopts the Findings made with respect to the project, a copy of which incorporated herein by reference.

BE IT FURTHER RESOLVED, that pursuant to California Code of Regulations section 15093, the City Council hereby adopts the Statement of Overriding Considerations, a copy of which is incorporated herein by reference, with respect to the project.

BE IT FURTHER RESOLVED, that pursuant to California Public Resources Code section 21081.6, the City Council hereby adopts the Mitigation, Monitoring and Reporting Program, or alterations to implement the changes to the project as required by this body in order to mitigate or avoid significant effects on the environment, a copy of which is incorporated herein by reference.

APPROVED: JOHN W. WITT, City Attorney
