

ORDINANCE NUMBER O- 18313 (NEW SERIES)

ADOPTED ON JUN 1 1 1996

AN ORDINANCE AMENDING ORDINANCE NO. O-18193 (NEW SERIES), AS AMENDED, ENTITLED "AN ORDINANCE AMENDING THE ADOPTED ANNUAL BUDGET FOR THE FISCAL YEAR 1995-96 AND APPROPRIATING THE NECESSARY MONEY TO OPERATE THE CITY OF SAN DIEGO FOR SAID FISCAL YEAR" BY AMENDING DOCUMENT NO. OO-18193, AS AMENDED AND ADOPTED THEREIN, BY AUTHORIZING CERTAIN YEAR-END BUDGET ADJUSTMENTS INCLUDING MAKING ADDITIONAL APPROPRIATIONS AND TRANSFERS THAT MAY BE NECESSARY TO BALANCE FUND CARRYOVERS AND EXPENDITURES/APPROPRIATIONS FOR FISCAL YEAR 1996.

BE IT ORDAINED, by the Council of The City of San Diego, as follows:

Section 1. That Ordinance No. O-18193 (New Series), as amended, entitled "AN ORDINANCE AMENDING THE ADOPTED ANNUAL BUDGET FOR THE FISCAL YEAR 1995-96 AND APPROPRIATING THE NECESSARY MONEY TO OPERATE THE CITY OF SAN DIEGO FOR SAID FISCAL YEAR," be and the same is hereby amended by amending Document No. OO-18193, as amended and adopted therein.

Section 2. That the City Auditor and Comptroller, at the direction of the Financial Management Department, is hereby authorized to complete the following:

(a) Appropriate, transfer, and carryover monies within and between funds for purposes specified in City Manager's Report No. 96-114, attached hereto as Exhibit A.

(b) Transfer General Fund monies between departments and to the Allocated Reserve to fund projects that will not be

completed in the current year.

(c) Transfer monies between funds and Capital Improvement Program projects for engineering costs, amendment of appropriations, and reallocation of revenues to the General Fund.

(d) To make any additional transfers that may be necessary to reconcile revenues to expenditures and balances for Fiscal Year 1996.

Section 3. That the City Auditor and Comptroller is hereby authorized to establish a Special Assessment Administration Fund in accordance with the restructuring program for the purpose of centralizing the activity of assessment administration. Reimbursement and transfers from benefiting funds may be appropriated for the purpose of the Fund upon the direction of the Financial Management Director.

Section 4. That the City Auditor and Comptroller is hereby authorized to establish a Citywide Data Processing Project Fund to develop and implement four priority data processing enhancement projects; a new purchasing acquisition system, a new activity based budget preparation system, a new Citywide service request system, and a personnel applicant tracking system. Funds may be transferred to the Fund and appropriated for the purpose of the Fund upon the direction of the Financial Management Director.

Section 5. This ordinance shall take effect and be in force immediately upon its adoption after two public hearings, pursuant

to the authority contained in Sections 16, 17 and 71 of the
Charter of The City of San Diego.

APPROVED: JOHN W. WITT, Attorney.

The City of San Diego

MANAGER'S REPORT

DATE ISSUED: June 7, 1996

REPORT NO.: 96-114

ATTENTION: City Council Docket of June 10, 1996

SUBJECT: Fiscal Year 1996 Year-End Budget Adjustments

SUMMARY

Issue - Should the City Council direct the Auditor and Comptroller, at the direction of the Financial Management Department, to:

1. transfer General Fund monies between departments to offset projected department deficits and to the Allocated Reserve to fund projects that will not be completed in the current year;
2. transfer monies within and between funds, increase budgets, and authorize expenditures for purposes specified in this report;
3. make any additional appropriation adjustments and fund transfers that may be necessary to reconcile revenues to expenditures and maintain balances for Fiscal Year 1996;
4. amend or increase Capital Improvements Program project appropriations for engineering costs.

Manager's Recommendation - Approve the City Manager's request to authorize the above transfers, appropriation increases, and other financial transactions.

Other Recommendations - None

Fiscal Impact - The total impact on the General Fund for transfers from appropriations in various departments to the Allocated Reserve is approximately \$505,000. The impact of other fund transfers is approximately \$5,437,795. The transfer from the Capital Improvements Program (CIP) reflects \$3,358,852 for engineering costs related to capital projects.

0- 18313

EXHIBIT

A

BACKGROUND

Traditionally, at this time of year, Council approval is requested to transfer funds between and within City departments for various purposes. To the extent that funds are available, the Auditor and Comptroller will make adjustments within certain expenditure categories from departments with savings to those with shortfalls in accordance with the Annual Appropriation Ordinance. Additionally, any savings from appropriate departments and funds could be used to restore and maintain appropriate funded liability reserve balances. The remainder of this report outlines the adjustments necessary to carry forward current year funds for future expenditures when the project or expenditure could not be completed prior to the end of the current fiscal year. The report also specifies transfers to other funds. Each of the proposed actions is individually described.

DEPARTMENTAL TRANSFERS (General Fund)

Per the Fiscal Year 1996 Annual Appropriation Ordinance, the following departments would require inter-departmental adjustments in their departmental budgets. These adjustments will come from other departments where there are savings.

- City Attorney (\$60,000) - Due to unanticipated expenditures in Salaries and Wages.
- Fire Department (\$1,100,000) - Due to additional expenditures in Salaries and Wages, Supplies and Services, Data Processing, and Energy including an increase in gasoline prices.
- Police Department (\$2,400,000) - Due to additional expenditures related to overtime and an increase in gasoline prices.
- Environmental Services (\$640,000) - Due to expenditures in Supplies and Services related to increased tonnage.

TRANSFERS TO ALLOCATED RESERVE (General Fund)

Funds are appropriated in the current year for the projects detailed below; however, there is not sufficient time for completion prior to the end of the fiscal year. It is necessary to transfer the funds to the Allocated Reserve to provide for the anticipated expenditure of the designated funds in the future. These projects are:

- Park and Recreation (\$200,000) - For the Court Resurfacing Project which is currently in the bidding process.
- Park and Recreation (\$40,000) - For sidewalk repair which is currently in the bidding process.
- Park and Recreation (\$22,000) - For installation of pebble paving at Swanson Pool which is currently in the bidding process.

- Park and Recreation (\$18,000) - For topdressing and compost at Mira Mesa Community Park, Wangenheim Middle School, and Memorial Community Park.
- Park and Recreation (\$50,000) - For deferred maintenance on Villa Montezuma.
- Park and Recreation (\$40,000) - For the replacement of a Five Reel Mower.
- Park and Recreation (\$50,000) - For Tree Trimming Project which is currently in the bidding process.
- Purchasing (\$12,000) - For the replacement of office furniture including ergonomic chairs.
- Real Estate Assets (\$10,000) - For Crabtree Building utilities and maintenance.
- Engineering (\$63,000) - For National Pollutant Discharge Elimination System (NPDES) Educational Funds.

OTHER ACTIONS

- I. Council action is required to authorize the Auditor and Comptroller, at the direction of the Financial Management Department, to complete the following items which represent transfers between funds, programs, budget amendments and/or increases, or actions to carry forward funds:

A. New Convention Facility Fund

1. The San Diego Convention Center Corporation (SDCCC) will not complete the Computer Conversion Project which was budgeted in Fiscal Year 1996. To finish the Project, \$105,000 appropriated in the New Convention Facility Fund (10225) is required to be carried forward to Fiscal Year 1997.
2. The SDCCC will not complete its Marketing Project which was budgeted in Fiscal Year 1996. To complete the Project, \$85,000 appropriated in the New Convention Facility Fund (10225) is required to be carried forward to Fiscal Year 1997.
3. The SDCCC is required to amend its Fiscal Year 1996 Budget and to carry over funding to Fiscal Year 1997 to purchase elevated seating and sound proofing construction to better serve future clients of the center including the Republican National Convention, the National Education Association, Starlight International, and American Association of Cancer Research. Up to \$1,027,000 in Fiscal Year 1996 operational savings and \$1,050,000 in fund balance are to be appropriated for these capital expenditure purposes and any balance carried forward to Fiscal Year 1997. These capital expenditures will be reimbursed upon the issuance of Convention Center Expansion Financing.
4. The Republican National Convention will generate \$2,500,000 in additional Transient Occupancy Tax and Sales Tax which previously was agreed to offset convention related

expenses, similar to what was done in the 1998 Super Bowl. To build out skyboxes and media work space at the San Diego Convention Center the City will reimburse for expenses incurred by the Republican National Convention/San Diego Host Committee up to \$2,500,000. Projected available funding is requested to be appropriated for the transfer to the New Convention Center Facility Fund for this purpose. It is necessary to set these funds aside to begin to pay for skyboxes and media workspace at the Convention Center.

5. In order to keep the Convention Center expansion project on schedule, prior to the issuance of bonds and receipt of proceeds, the City has found it necessary to advance funds to this project to fund current project costs. The Convention Center expansion project expenditures made prior to the bond issuance are included as part of the total, Council authorized, not to exceed \$205,000,000 expansion project costs. The City's official intent to reimburse Convention Center project expenditures from bond proceeds is requested solely for purposes of establishing compliance with Section 1.150-2 of the Income Tax Regulations of the United States Department of Treasury. City Council authorization for the City to reimburse itself for Convention Center expansion project expenditures in no way obligates the City to make any expenditure, incur any bond obligation, or to proceed with the expansion project.

B. Transient Occupancy Tax Fund

To solicit grants that require matching funds for arts and culture program initiatives, a transfer of \$62,427 is required from the Transient Occupancy Tax Organizational Support Program (10220) to the Grant Fund Matching Program (91300). In addition, carryover of the balance in the Grant Fund Matching Program to Fiscal Year 1997 is requested.

C. Special Assessment Administration Fund

The Special Assessment Administration Fund is established in accordance with the restructuring program for the purpose of centralizing the activity of assessment administration. Reimbursement and transfers from benefiting funds may be appropriated for the purpose of the Fund upon the direction of the Financial Management Director.

D. Citywide Data Processing Project Fund

The Citywide Data Processing Project Fund is established to develop and implement four priority data processing enhancement projects: a new purchasing acquisition system, a new activity based budget preparation system, a new Citywide service request system, and a personnel applicant tracking system. Funds may be transferred to the Fund and appropriated for the purpose of the Fund upon the direction of the Financial Management Director.

E. Water Utilities

Funds are available in the current fiscal year for the projects detailed below. However, there is not sufficient time for completion prior to the end of the fiscal year. It is necessary to carry forward a total of \$608,368 within the Water Fund (41500) for future expenditure.

1. Competition Program (\$250,000) - Costs to assist in the preparation of and response to, a Request for Proposal for the operation of Water Treatment Plants.

2. Energy Upgrades at Four Pump Stations (\$253,952) - Energy upgrades designed to reduce electrical costs at Bernardo Heights, Carmel Industrial Park, 65th and Herrick, and Peñasquitos Bluffs Pump Stations.
 3. Installation of Two Pumps and Motors (\$42,815) - Installation of electrical control units designed to reduce electrical costs at Via Dominique Pump Station.
 4. Reservoir Wet Cleaning - (\$18,750) - Upkeep of Rancho Bernardo, Bayview, and San Carlos Reservoirs.
 5. Pump Upgrade at Three Pump Stations (\$42,851) - Pump upgrades designed to reduce electrical costs at Bernardo Heights, Carmel Industrial Park, and 65th and Herrick Pump Stations.
- II. Council Action is required to authorize the City Auditor and Comptroller to make any additional appropriation adjustments and fund transfers that may be necessary to reconcile revenues to expenditures and maintain balances for Fiscal Year 1996 such as transfers required due to the impact of any termination pay related expenditures to departmental budgets.

CAPITAL IMPROVEMENTS PROGRAM TRANSFERS

Council action is required to authorize the total appropriation of \$3,358,852 from the Real Estate Assets/Facilities Improvement Fund,, Environmental Growth Fund, Fiesta Island Sludge Mitigation Fund, Mission Trails Regional Park Fund, Los Peñasquitos Canyon Preserve Park Fund, Scripps/Miramar Park Fund, Kearny Mesa Park Fund, Skyline Hills Park Fund, Paradise Hills Park Fund, Montgomery-Waller Park Fund, Park Service District Funds, Community Development Block Grant (CDBG), Capital Outlay, TransNet, Pacific Beach Middle School Turf Fund, Ocean Beach Park Walkway Fund, Balboa Park Club Fund, Balboa Park Municipal Gym Fund, Mid-City Park Development Fund, Special Park Fees, Clean Water Sewer Fund, Inspiration Point Landscape Fund, Facilities Benefit Assessment - Tierrasanta, Development Impact Fees - Centre City, Development Impact Fees - Torrey Pines, and Transient Occupancy Tax Fund as per Attachment 1 to cover engineering costs and reallocations of costs.

Respectfully submitted,

JACK MCGRORY
City Manager
