

(R-98-998)

RESOLUTION NUMBER R- 289918

ADOPTED ON MAR 31 1998

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO MAKING CERTAIN FINDINGS WITH RESPECT TO THE PAYMENTS FOR THE CONSTRUCTION OF IMPROVEMENTS CONSISTING OF THE CENTRE CITY EAST STREETLIGHTS PHASE IV IN THE EAST VILLAGE REDEVELOPMENT DISTRICT OF THE EXPANSION SUB AREA OF THE CENTRE CITY REDEVELOPMENT PROJECT, MAKING CERTAIN FINDINGS WITH RESPECT TO THE PAYMENTS FOR THESE IMPROVEMENTS.

WHEREAS, the Redevelopment Agency of The City of San Diego [Agency] is engaged in activities necessary to carry out and implement the Redevelopment Plan for the East Village Redevelopment District of the Expansion Sub Area of the Centre City Redevelopment Project [Project]; and

WHEREAS, in order to carry out and implement the Redevelopment Plan, the Agency proposes to pay for all or part of the cost of the installation and construction of certain improvements to benefit the Project area and its immediate neighborhood; and

WHEREAS, the Centre City Development Corporation [Corporation] has reviewed and recommends that the Council of The City of San Diego [Council] consent to and the Agency authorize the Corporation to bid and construct the improvements; and

WHEREAS, the Council has duly considered all conditions of the proposed payment for improvements and believes that the payment by the Agency of all or part of the cost of the

installation and construction of the improvements by the Agency are in the best interest of the City and health, safety, morals and welfare of its residents, and in accord with the public purposes and provisions of applicable State and local law and requirements; NOW, THEREFORE,

BE IT RESOLVED, by the Council of The City of San Diego, as follows:

1. That it finds and determines that the improvements for the Centre City East Streetlights Phase IV for which the Agency proposes to pay are of benefit to the Centre City Redevelopment Project and the Horton Plaza Redevelopment Project areas and the immediate neighborhood in which the Project area is located, that the Council finds and determines that no other reasonable means of financing the proposed improvements for which the Agency proposes to pay are available to the community, and the Council finds and determines that the proposed improvements will assist in eliminating one or more blighting conditions inside the Project area, all as described in Attachment No. 1.

2. That it finds and determines that the improvements for the Centre City East Streetlights Phase IV is consistent with the Implementation Plan adopted for the Project area by the Agency on June 21, 1994, as Document No. 2141, on file in the office of the Secretary to the Agency, pursuant to California Health and Safety Code section 33490, as described in Attachment No. 1.

3. That it authorizes the Agency to advertise and receive bids for construction and installation of certain improvements for the Centre City East Streetlights Phase IV in the East Village Redevelopment District of the Expansion Sub Area of the Centre City Redevelopment Project and to award the contract to the lowest qualified bidder, provided the bid is within the established budget.

4. That the total amount of the contract shall not exceed \$993,960.

APPROVED: CASEY GWINN, City Attorney

ATTACHMENT NO. 1
FINDINGS

SUBJECT IMPROVEMENTS:
CONSTRUCTION OF PUBLIC IMPROVEMENTS FOR CENTRE CITY EAST
STREETLIGHTS - PHASE IV

I. FINDINGS OF BENEFIT

The subject improvements for which the Redevelopment Agency of the City of San Diego (Agency) proposes to pay will benefit the East Village Redevelopment District or the immediate neighborhood in which the Project area is located in that:

- A. These improvements are within the Centre City East Redevelopment District of the Centre City Redevelopment Project, adjacent to undeveloped properties.
- B. Improvements are planned in the area between 12th Avenue, "F" Street, 17th Street and "J" Street. The improvements will enhance the area for the benefit of nearby users as well as residents.
- C. The installation of public streetlights will correct adverse health and safety conditions.
- D. The streetlights will act as a catalyst providing an incentive for private investment in the rehabilitation of the areas.

II. NO OTHER REASONABLE MEANS OF FINANCING

There are no other reasonable means available to the community for financing the subject improvements for which the Agency proposes to pay in that:

City of San Diego

- A. The Fiscal Year 1998 Budget for the City of San Diego (City) increased 1.4%. The overall increase is largely attributable to an increase in the Enterprise Fund and reduction in the Capital Improvement Program. A number of capital projects remain unfunded due to limited funds.
- B. The City's capital improvement budget is funded primarily with water and sewer fees, developer impact fees, grant funds, enterprise fund revenues, Facility Benefit Assessment funds, and Transnet funds. The Fiscal Year 1998 Capital Improvement Program Budget decreased 12.6% from the Fiscal Year 1997 Budget.

- C. Consistent with signs of a recovering economy, most major tax revenue categories displayed signs of growth in Fiscal Year 1997. Moderate growth is anticipated for most Fiscal Year 1998 major revenues. The economic growth rate for major revenue categories are property tax (2.0%), sales tax (5.5%), Transient Occupancy Tax (4.5%) and Motor Vehicle License fees (4.0%).
- D. The City's Fiscal Year 1998 Capital Improvements Budget (CIP) is embodied in Volume's IV and V of the City's Budget. The Agency's Fiscal Year 1997-1998 Program Budget was adopted on July 3, 1997. The CIP and the Agency's Budget were developed in accordance with City and Council Policy, and each project activity was evaluated and incorporated in the respective budgets. Projects are funded based on need and the availability of appropriate funding sources. The City's CIP Budget totals \$327.8 million, a decrease of \$47.1 million over Fiscal Year 1997.
- E. Although sustained revenue growth is anticipated in Fiscal Year 1998, the City is relying on some onetime revenue sources to provide higher levels of services than would otherwise be possible. Local Property Tax apportionments have been permanently diminished as a result of the Fiscal Year 1993 and 1994 state budget actions. Despite the state's ongoing economic recovery, the magnitude of the Property Tax loss - in excess of \$24 million each fiscal year - has required the use of onetime revenues.
- F. Maintaining and enhancing the services that the City provides to the citizens, residents and visitors is one of the City's primary core values. Although the weak economy and reductions in defense and aerospace spending have negatively impacted the City's revenues, the City has embarked on changing the traditional ways of conducting business and utilized three strategies to adhere to this core value. These strategies to maintain and enhance service levels by increasing revenues or reducing expenses are delineated in the 1998 Budget.

III. ELIMINATION OF BLIGHTING CONDITIONS

The payment of funds toward the cost of the construction and installation of the subject improvements will assist in the elimination of one or more blighting conditions inside the East Village Redevelopment District area and the proposed improvements are consistent with the Implementation Plan adopted for the Project pursuant to Health and Safety Code 33490, in that:

- A. The improvements will enhance the public right of way and replace inadequate public improvements. The proposed improvements will remove and replace these adverse conditions, upgrading to match the improvements on nearby streets.

- B. The location of streetlight standards will be adjusted and added so as to increase the level of lighting along the public sidewalks and streets.
- C. The improvements will act as a catalyst providing an incentive for private investment, thereby contributing to the removal of economic blight.
- D. The improvements provide improved pedestrian access to public and private properties.
- E. "Completion of off-site improvements in this area is a means to contribute to blight removal by replacing inadequate public improvements" is included in the work program of the Implementation Plan adopted June 21, 1994 pursuant to Health and Safety Code 33490.
