DOCKET SUPPORTING INFORMATION

The Transportation and the San Diego Police Departments usually dispose of surplus equipment by auction, pursuant to Section 35 of the City Charter. The Charter also allows for the City Council to authorize the disposal of surplus equipment directly to another agency. Prior to the auction of April 29, 2000, the City of Tijuana inspected the available surplus equipment and identified desired equipment. The Transportation and San Diego Police Departments' staff determined fair market value by researching amounts received in previous auctions for similar equipment and checking with the auctioneers for their opinions on value. The requested price for each of the desired pieces of equipment was accepted by the City of Tijuana, which then made a formal offer to purchase the equipment at a total cost of \$189,600. The equipment includes:

<u>Type</u>	<u>Quantity</u>	<u>Price</u>	<u>Total</u>
1989 Ottawa Rogue Packer (#6145)	2	\$18,000	\$ 36,000
