

RESOLUTION NUMBER R-296141

ADOPTED ON FEBRUARY 26, 2002

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

1. That the amendment to the policy for street lighting to expand the use of "white light" broad-spectrum lamps, including HPS and QL induction lamps, Citywide outside a 30-mile radius from Mt. Palomar Observatory, while retaining the use of LPS lighting within the 30-mile radius, as more particularly described in City Manager Report No. 02-039, dated Feb. 20, 2002 is hereby approved.

2. That the City Manager is hereby directed to amend all relevant standards, specifications, guidelines, brochures, forms, and other documents, to conform to the amended street lighting policy.

3. That the City Manager is hereby directed to develop a plan to convert existing LPS street lights to HPS over the course of five years starting in FY '04 and as they burn out starting in FY '03.

4. That the City Manager is directed to install full cutoff luminaires where converting from LPS and requiring all new installations to be cutoff HPS fixtures.

5. That the City Manager is hereby directed to decide on one standard design for the light fixture at the request of Councilmember Wear.

APPROVED: CASEY GWINN, City Attorney
