

297577

RESOLUTION NUMBER R-\_\_\_\_\_

ADOPTED ON JAN 28 2003

WHEREAS, the Suggestion Awards Committee has heretofore made certain recommendations to this Council; and

WHEREAS, the Council has reviewed said recommendations as well as the suggestions presented; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, that the following suggestion award is hereby approved and the Auditor and Comptroller is hereby directed to issue warrants for the following suggestion:

NAME(S): Patrick Guerrero/Zuhair Al-Attia  
DEPARTMENT: Engineering & Capital Projects  
AMOUNT: \$647.55 to be split \$431.70 to Mr. Guerrero and \$215.85 to Mr. Al-Attia.  
SUGGESTION: Mr. Guerrero was a Principle Engineering Aide (Category III) and Mr. Al-Attia was an Associate Civil Engineer (Category II) at the time of submittal. Mr. Guerrero suggested using 4 inch diameter by 8 inch length cylinder molds for concrete sampling instead of 6 inch diameter by 12 inch as the 4 by 8 are smaller and lighter. Cost savings include cheaper cost per case, fewer dumpster rentals and increased safety. Mr. Al-Attia was instrumental for the implementation that required in depth research and training necessary for the transition by others and to maintain customer's level of confidence as well as to minimize impacts from an industry perspective. This suggestion was adopted in June 10, 2002. This is the first half of the award and is considered an operational improvement. The estimated first year savings are \$4,317.00.

APPROVED: CASEY GWINN, City Attorney
