WHEREAS, the Redevelopment Agency of the City of San Diego [Agency] is engaged in activities necessary to carry out and implement the Redevelopment Plan for the Centre City Redevelopment Project [Project]; and

WHEREAS, the Agency has previously prepared, and the Agency, by Resolution No. R-2081, and the Council of the City of San Diego, by Resolution No. R-279875, have certified the Final Master Environmental Impact Report for the Centre City Redevelopment Project [MEIR]; and

WHEREAS, the Agency has also previously prepared, and the Agency, by Resolution No. R-03058, and the City Council, by Resolution No. R-292363, have certified the Final

Subsequent Environmental Impact Report to the MEIR for the Proposed Ballpark and Ancillary Development Projects, and Associated Plan Amendments [SEIR]; and

WHEREAS, the MEIR, as supplemented by the SEIR, for the Project is sometimes referred to collectively as the MEIR/SEIR; and

WHEREAS, the City Council proposes to approve Centre City Development Permit No. 2003-39 (Lillian Place) for the development of the Lillian Place Housing Project, a 74-unit for-rent affordable housing project targeted towards families with children, in the Project Area; and

WHEREAS, the Centre City Development Corporation, Inc., acting on behalf of the Agency, has prepared a Secondary Study in accordance with and pursuant to the California Environmental Quality Act of 1970 [CEQA], the adopted State and local regulations and guidelines, and the Agency's amended "Procedures for Implementation of CEQA and the State Guidelines" (adopted July 17, 1990), and the Secondary Study assesses the environmental impacts of the development of the Lillian Place Housing Project and related activities; and

WHEREAS, the City Council has considered the environmental effects of the proposed development as shown in the MEIR/SEIR and the Secondary Study; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego as follows:

1. The Council certifies that the Secondary Study of environmental impacts with respect to the proposed development of the Lillian Place Housing Project has been prepared and completed in compliance with the California Environmental Quality Act of 1970 [CEQA], the adopted State and local regulations and guidelines, and the Agency's amended "Procedures for Implementation of CEQA and the State Guidelines" (adopted July 17, 1990), and the Secondary

Study assesses the environmental impacts of the development of the Lillian Place Housing Project and related activities.

2. The Council further certifies that the MEIR/SEIR for the Centre City Redevelopment Project, and the Secondary Study, were presented to the members of the Council, and that the information contained in the Secondary Study, and the MEIR/SEIR, has been reviewed and considered by the Council members.

3. The Council further certifies that the MEIR/SEIR and the Secondary Study represents the Council's independent judgment and analysis.

4. The Council finds and determines that:

a. No substantial changes are proposed in the Centre City Redevelopment Project, or with respect to the circumstances under which the Project is to be undertaken, as a result of the development of the Lillian Place Housing Project pursuant to the Centre City Development Permit No. 2003-39 (Lillian Place), which will require major revisions in the MEIR/SEIR for the Project, due to the involvement of new significant environmental effects, or a substantial increase in the severity of previously identified significant effects, not covered in the MEIR/SEIR; and

b. No new information of substantial importance to the Project has become available which was not known or could not have been known with the exercise of reasonable diligence at the time the MEIR/SEIR for the Project was certified as complete, and which shows that the Lillian Place Housing Project will have any significant effects not discussed previously in the MEIR/SEIR, or that any significant effects previously examined will be substantially more severe than shown in the MEIR/SEIR, or that any mitigation measures or alternatives previously

found not to be feasible or not previously considered would substantially reduce or lessen any significant effects of the Lillian Place Housing Project on the environment; and

c. No negative declaration, or subsequent environmental impact report, or supplement or addendum to the MEIR/SEIR is necessary or required; and

d. The development of the Lillian Place Housing Project pursuant to the Centre City Development Permit No. 2003-39 (Lillian Place) will have no significant effect on the environment, except as identified and considered in the MEIR/SEIR for the Project.

5. The Mitigation Measures for Lillian Place, attached as Table A to the Secondary Study, is approved and adopted.
