WHEREAS, the City Manager, with the assistance of the Planning Department, made and filed with the City Clerk, the Report, a copy of which is on file in the office of the City Clerk as Document No. RR- 301007 ; and

WHEREAS, the Council has examined and considered the Report, including the community financing plan and capital improvement program with respect to the proposed public facilities projects; the proposed boundaries of the facilities benefit assessment area of benefit; the general description of the public facilities projects; the estimated costs for the construction of said public facilities projects; the method pursuant to which the costs are to be apportioned among the parcels within the area of benefit and the amount of the facilities benefit assessments which will be charged to each such parcel; the basis and methodology by which automatic

annual increases in the facilities benefit assessment will be computed, assessed and levied pursuant to Section 61.2212 of the Ordinance; and the amount of the contribution or advance which the City or other public entity will make toward the total cost of the public facilities projects; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

1. The Council declares its intention to designate an area of benefit within Del Mar Mesa to finance the cost of the public facilities projects pursuant to the Ordinance.
2. The Council is satisfied with the correctness of the Report, including, without limitation, the community finance plan and capital improvement program with respect to said public facilities projects; the proposed boundaries of the facilities benefit assessment area of benefit; the description of the public facilities projects; the estimated costs for the construction of the public facilities projects; the method pursuant to which the costs are to be apportioned among the parcels within the facilities benefit assessment area of benefit, and the amount of the facilities benefit assessments which will be charged to each such parcel; the basis and methodology by which automatic increases in the facilities benefit assessments will be computed, assessed and levied pursuant to Section 61.2212 of the Ordinance; and the amount of the contribution or advance which the City or other public entity will make toward the total cost of the public facilities projects. The Council does confirm and approve the Report.
3. The public facilities projects will be undertaken and completed as described in the Report.
4. The community financing plan and capital improvement program with respect to the public facilities projects will be as set forth in the Report.

5. The boundaries of the facilities benefit assessment area of benefit will be as set forth in the Report.

6. The method pursuant to which the cost of the public facilities project is to be apportioned among the parcels within the facilities benefit assessment area of benefit and the amount of the facilities benefit assessments which will be charged to each such parcel will be as set forth in the Report.

7. The Council determines it necessary to provide for automatic increases in the amount of facilities benefit assessments for landowners who have not paid their facilities benefit assessments without the necessity for further proceeding pursuant to Section 66.2212 of the Ordinance in order to reflect increases in the cost of money during the period between the imposition of the facilities benefit assessment, the payment of facilities benefit assessments and completion of the public facilities projects. The Council further determines that the basis and methodology for computing such increases set forth in the Report is reasonable and appropriate in order to provide an equitable distribution of the cost of the public facilities projects to community developers and the ultimate purchasers of developed properties.

8. The amount of contribution or advance which the City or other public entity will make toward the total cost of the public facilities project will be as set forth in the Report.

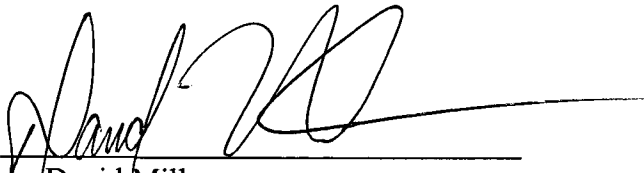

9. The Council shall hold a public hearing to consider the designation of the facilities benefit assessment area of benefit as proposed in this resolution at 10:00 a. m. on the 6th day of Dec., 2005, at the Council Chambers, 202 C Street, San Diego, California.

10. The City Clerk is authorized and directed to give notice of the public hearing described in Section 9 of this resolution by publishing this Resolution in the "*San Diego Daily*

Transcript" at least two weeks before the date set forth herein and by mailing copies of this resolution to each owner of property located within the proposed area of benefit at the addresses shown on the last equalized property tax assessment roll, or as otherwise known to the City Clerk pursuant to Section 61.2205 of the Ordinance.
