RESOLUTION NUMBER R- 301705
DATE OF FINAL PASSAGE JUL 25 2006

WHEREAS, Lisa Gabhart, Applicant, and Sterling Land Services, Inc., Engineer, submitted an application to the City of San Diego for a map waiver (Map Waiver No. 218127) for the subdivision of a 2.54-acre site into one lot for the condominium conversion of four existing residential units for the 3684 Alexia Place Project [Project], located on the east side of Alexia Place, just north of Collier Avenue, at 3684-3692 Alexia Place, and legally described as Lot 14 and that portion of Lot 15 in Block C of Villa Lots 165 to 184 inclusive, Normal Heights, according to Map No. 1157, in the Normal Heights Neighborhood of the Mid-City Community Plan area, in the RS-1-1, RS-1-7, and OR-1-1 zones; and

WHEREAS, the applicant seeks to waive the requirement to underground existing overhead utilities, pursuant to Council Policy 600-25; and

WHEREAS, a subdivider may request a waiver of the tentative map requirement pursuant to San Diego Municipal Code section 125.0120; and

WHEREAS, on January 26, 2006, the Planning Commission of the City of San Diego considered Tentative Map No. 143420, and pursuant to Resolution No. 3940-1-PC voted to recommend City Council denial of the Map Waiver; and

WHEREAS, the project complies with the requirements of a preliminary soils and/or geological reconnaissance report pursuant to the Subdivision Map Act and San Diego Municipal Code section 144.0220; and

WHEREAS, under Charter section 280(a)(2) this resolution is not subject to veto by the Mayor because this matter requires the City Council to act as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented; and

WHEREAS, the project is exempt from environmental review pursuant to Article 19, Section 15301(k) of the California Environmental Quality Act [CEQA] on the basis that the facilities are existing; and

WHEREAS, the matter was set for public hearing on JUL 25 2006, testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, that it adopts the following findings with respect to Map Waiver No. 218127:

1. Pursuant to San Diego Municipal Code section 125.0122, the proposed subdivision complies with the applicable zoning and development regulations of the Land Development Code [LDC] (LDC section 125.0440(b)) and the Subdivision Map Act.
2. The decision maker has considered the effects of the proposed subdivision on the housing needs of the region and that those needs are balanced against the needs for public services and the available fiscal and environmental resources (LDC section 125.0440(h) and Subdivision Map Act Section 66412.3).
3. Each of the tenants of the proposed condominium project has received, pursuant to Subdivision Map Act 66452.9, written notification of intention to convert at least sixty days prior to the filing of a tentative map (LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).
4. The project has been conditioned that the Subdivider will give each tenant, and each person applying for the rental of a unit in such residential real property, all applicable notices and rights now or hereafter required by the Subdivision Map Act (LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

5. The project has been conditioned that the Subdivider will give each tenant ten days' written notification that an application for a public report will be, or has been, submitted to the Department of Real Estate, and that such report will be available on request (LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

6. The project has been conditioned that the Subdivider will give each tenant of the proposed condominium project written notification within ten days of approval of a final map for the proposed conversion (LDC section 125.0444 and Subdivision Map Act Section 66427.1(b)).

7. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project 180 days' written notice of intention to convert prior to termination of tenancy due to the conversion or proposed conversion (LDC section 125.0444 and Subdivision Map Act Section 66427.1(c)).

8. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project notice of an exclusive right to contract for the purchase of his or her respective unit upon the same terms and conditions that such unit will be initially offered to the general public or terms more favorable to the tenant. The right shall run for a period of not less than ninety days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his or her intention not to exercise the right (LDC section 125.0444 and Subdivision Map Act Section 66427.1(d)).

9. The project was not financed by funds obtained from a governmental agency to provide for elderly, disabled, or low income housing (LDC section 125.04444(b)).

10. For any project that was developed to provide housing for the elderly, disabled or to provide low income housing, provisions have been made to perpetuate the use for which the project was developed (LDC section 125.0444(c)).

11. The requested underground waiver of the existing overhead facilities, qualifies under the guidelines of Council Policy No. 600 25 Underground Conversion of Utility Lines at Developers Expense in that:

- a. The conversion involves a short span of overhead facility (less than 600 feet); and
- b. The conversion is a requirement of a condominium conversion of an existing development and the conversion would not represent a logical extension to an underground facility.

The above findings are supported by the minutes, maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that Map Waiver No. 21827 and the waiver of the requirement to underground existing overhead utilities are granted to Lisa Gabhart, Applicant and Sterling Land Services, Engineer, subject to the attached conditions which are made a part of this resolution by this reference.

Establishment of said Basis of Bearings may be by use of existing Horizontal Control stations or astronomic observations.
- b. Show two measured ties from the boundary of the map to existing Horizontal Control stations having California Coordinate values of Third Order accuracy or better. These tie lines to the existing control shall be shown in relation to the California Coordinate System (i.e., grid bearings and grid distances). All other distances shown on the map are to be shown as ground distances. A combined factor for conversion of grid to ground distances shall be shown on the map.
