

RESOLUTION NUMBER R-301899

DATE OF FINAL PASSAGE SEPTEMBER 12, 2006

WHEREAS, the Ginsburg Family Partnership, LP, Applicant/Subdivider, and Algert Engineering, Inc., Engineer, submitted an application to the City of San Diego for a 1-lot tentative map (Tentative Map No. 209453) for the condominium conversion of eighteen existing residential units for the 4560 North Avenue Tentative Map project [Project], located on the east side of North Avenue between Monroe and Madison Avenues at 4560 North Avenue, and legally described as Lots 39, 40, 41, 42 and a portion of Lot 43, Block 44, University Heights, according to the amended map thereof by G.A. d'Hemecourt in Book 8, Page 36, et seq. of Lis Pendens, in the MR-1500 zone of the Mid-City Communities Planned District, within the Transit Area Overlay zone and the Uptown Community Plan area; and

WHEREAS, on February 2, 2006, the Planning Commission of the City of San Diego considered Tentative Map No. 209453, and pursuant to Resolution No. 4140-PC voted to deny Tentative Map No. 209453; and

WHEREAS, the applicant seeks to waive the requirement to underground existing overhead utilities, pursuant to Council Policy 600-25; and

WHEREAS, Glenn C. Karp, Chandler Property Advisors appealed the Planning Commission decision to the Council of the City of San Diego; and

WHEREAS, the Project is exempt from environmental review pursuant to Article 19, Section 15301(k) of the California Environmental Quality Act [CEQA] on the basis that the facilities are existing; and

WHEREAS, the subdivision is a condominium project as defined in Section 1350 et seq. of the Civil Code of the State of California and filed pursuant to the Subdivision Map Act. The total number of condominium dwelling units is eighteen; and

WHEREAS, a preliminary soils and geological reconnaissance report are waived by the City Engineering pursuant to the Subdivision Map Act and Section 144.0220 of the Municipal Code of the City of San Diego; and

WHEREAS, under Charter section 280(a)(2) this resolution/ordinance is not subject to veto by the Mayor because this matter requires the City Council to act as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented; and

WHEREAS, the matter was set for public hearing on September 12, 2006, testimony having been heard, evidence having been submitted, and the City Council having fully considered the matter and being fully advised concerning the same; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, that it adopts the following findings with respect to Tentative Map No. 209453:

1. The proposed subdivision complies with the applicable zoning and development regulations of the San Diego Municipal Code/Land Development Code [SDMC/LDC] (SDMC/LDC section 125.0440(b)).
2. The decision maker has considered the effects of the proposed subdivision on the housing needs of the region and that those needs are balanced against the needs for public services and the available fiscal and environmental resources (SDMC/LDC Section 125.0440(h) and Subdivision Map Act Section 66412.3).
3. Each of the tenants of the proposed condominium conversion project has received, pursuant to Subdivision Map Action Section 66452.9, written notification of intention to convert at least sixty days prior to the filing of a tentative map (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

4. The project has been conditioned that the Subdivider will give each tenant, and each person applying for the rental of a unit in such residential real property, all applicable notices and rights now or hereafter required by the Subdivision Map Act (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

5. The project has been conditioned that the Subdivider will give each tenant ten days' written notification that an application for a public report will be, or has been, submitted to the Department of Real Estate, and that such report will be available on request (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(a)).

6. The project has been conditioned that the Subdivider will give each tenant of the proposed condominium project written notification within ten days of approval of a final map for the proposed conversion (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(b)). If the subdivider chooses to provide affordable housing units, the subdivider shall enter into an affordable housing agreement with the Housing Commission, prior to recordation of the Final Map.

7. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project 180 days' written notice of intention to convert prior to termination of tenancy due to the conversion or proposed conversion (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(c)).

8. The project has been conditioned that the Subdivider will give each of the tenants of the proposed condominium project notice of an exclusive right to contract for the purchase of his or her respective unit upon the same terms and conditions that such unit will be initially offered to the general public or terms more favorable to the tenant. The right shall run for a period of not less than ninety days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his or her intention not to exercise the right (SDMC/LDC section 125.0444 and Subdivision Map Act Section 66427.1(d)).

9. The project was not financed by funds obtained from a governmental agency to provide for elderly, disabled, or low income housing (SDMC/LDC section 125.0444.b).

10. For any project that was developed to provide housing for the elderly, disabled or to provide low income housing, provisions have been made to perpetuate the use for which the project was developed (SDMC/LDC section 125.0444(c)).

11. The underground waiver of the existing overhead facilities, qualifies under the guidelines of Council Policy No. 600 25 Underground Conversion of Utility Lines at Developers Expense in that the conversion involves a short span of overhead facility (less than 600 feet in length) and it has been determined that such conversion is not a part of a continuing effort to accomplish a total undergrounding within a specific street or area, the conversion would represent an isolated undergrounding with a minimum probability of extension in the future, and the conversion is a requirement of a condominium conversion of an existing development and the conversion would not represent a logical extension to an underground facility.

The above findings are supported by the minutes, maps and exhibits, all of which are herein incorporated by reference.

BE IT FURTHER RESOLVED, that the appeal of Glen C. Karp, Chandler Property Advisors is granted, the decision of the Planning Commission is overruled, and Tentative Map No. 209453 is granted to the Ginsburg Family Partnership, LP, Applicant/Subdivider, and Algert Engineering, Inc., Engineer, subject to the conditions attached hereto and made a part hereof.

Off site improvements may be required to provide adequate and acceptable levels of service and will be determined at final engineering.
- Subsequent applications related to this Tentative Map will be subject to fees and charges based on the rate and calculation method in effect at the time of payment.

- Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of the Tentative Map, may protest the imposition within ninety days of the approval of this Tentative Map by filing a written protest with the City Clerk pursuant to California Government Code Section 66020.
